COMMISSIONER WATCHES FIRE

Mr. North Aids to Stoke
Police Station Furnace
With Contraband

In accordance with the passing of a resolution for which he was sponsor, Commissioner Joseph North was yesterday notified to be present when the clerk of city police court destroyed the usual consignment of confiscated property. Mr. North took great interest in the tin of opium and "yen she" (opium pipe scrapings) and other contraband drug equipment that was to be destroyed.

To a representative of The Times Commissioner North explained the workings of a Chinese lottery, telling how the tickets were marked and what constituted a chance to win on the lottery. A quantity of lottery paraphernalia was destroyed, including the usual allotment of confiscated papers, paint brushes for marking tickets and bill boards for registering the dates of the draws.

The destruction was carried out, as usual, in the furnace of the police station building. Mr. North assisting in heaping the contraband into the yawning mouth of the huge furnace there installed. The destruction of goods so taken in effected after ten days has elapsed from the date of capture, and under the new regime, one of the police commissioners plans to be present at every incineration.

ARTISTS RECEIVED CORDIAL RECEPTION

Concert in Aid of St. James's Church Proved a Big Success

A very appreciative audience listened with interest and pleasure to the splendid programme given by members of the Victoria Dramatic and Operatic Society in the Connaught Seamen's Institute last night in aid of St. James's Anglican Church, Quebec Street.

Hearty applause greeted the performers after every turn. Rev. H. T. Archbold, at the conclusion of the performance, moved a vote of thanks to the artists, which was responded to with great enthusiasm.

The affair opened with a piano-forte solo by Mrs. W. P. Povah, who was also the accompanist for the evening, followed by a humorous sketch entitled, "Cashing a Kiss," in which Captain Ralph Berrill, Mrs. Berrill and Hugh Allen played their parts very cleverly. A neat little Pirotte dance by Miss Briggs and Miss Vivian Combe was followed by a solo by C. R. Dunsford entitled "Danny Boy," which was so much enjoyed that Mr. Dunsford was obliged to respond with "Rose in the Bud."

Miss Hilda Langton was accorded a hearty encore in her dance offering, which was very pretty. Captain Ralph Berrill's recitations were greatly enjoyed.

The one-act school comedy, "Quits," was very amusing and made a big hit. Miss Vivian Combe as principal of the seminary, carried her part in perfect style. In fact, every member of the cast deserved great praise for the manner in which the play was staged. Miss Frances Briggs and Miss Hilda Langton were the two seniors and Donald and Alex. Campbell the understudies.

The difficulties from which these four extricated themselves in their love-making affairs and the way they set about it was the source of great amusement.

Norman Buckle as the female impersonator was very clever and screams of laughter greeted his act.

The announcement was made that the next performance will take the form of a mock trial, a Breach of Promise case, to be held on Tuesday, May 10.

DELIVERS LECTURE ON NORTHERN LIGHTS

W. E. Harper, Dominion Astrophysical Observatory, Delights Large Audience

W. E. Harper, of the Dominion Astrophysical Observatory, in the course of an interesting lecture on "Northern Lights" to a large audience at the Girl's Central School last night, stated that Canada was very favored with the fact that the country lay within that area which had a frequent display of this magnetic phenomenon.

Mr. Harper illustrated his lecture with a number of excellent photographs which were in themselves a wonderful display of night-time photography. All types of the aurora were dealt with, and the reasons given for the fantastic display of darting lights of the northland. The speaker made a coincidental reference between the occurrence of sun-spots and the aurora, and stated that their coincidence led to the belief that spots on the sun affected the aurora displays. At the conclusion of his talented address Mr. Harper was accorded a very cordial reception. The lecture was the last of the season under the auspices of the Victoria Branch of the Royal Astronomical Society of Canada.

SALVATION ARMY DRIVE TO BEGIN

Fund of Mercy Appeal to Start Saturday

A major phase of reconstruction, as it has been for citizenship for years before the war, and a particularly valuable influence toward the eventual universal brotherhood, is what the public men of the British Empire call the Salvation Army, which will ask Western Canada to contribute to its "funds of mercy" in Self-Denial Week, April 30 to May 7.

In a recent letter to General W. Bramwell Booth, Lloyd George wrote: "Your work will strengthen us all in our great task of building up, after the ravages and suffering of the war, a greater, freer and happier empire as a partner in the brotherhood of Nations."

Rt. Hon. Andrew Bonar Law writes: "No words of mine are necessary to recommend to the public the work carried on by the Salvation Army in this country and throughout the world, or to recall the great services it rendered during the war."

Rt. Hon. Arthur James Balfour says: "I have the greatest sympathy for the work the Salvation Army has done, and a very high appreciation of its efforts during the war."

Rt. Hon. Herbert Asquith said in a recent interview: "For work of the Salvation Army has filled a gap which none of the other churches and organizations in the country were able to fill, and it has been, and is, in a multiplicity of ways, a great and beneficent agency."

BEFORE AND AFTER CHILDBIRTH

Mrs. Williams Tells How Lydia E. Pinkham's Vegetable Compound Kept Her in Health

Overpeck, O. — "Lydia E. Pinkham's Vegetable Compound helped me both before and after my baby was born. I suffered with backache, headache, was generally run down and weak. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and decided to try it. Now I feel fine take care of my two boys and do my own work. I recommend your medicine to anyone who is ailing. You may publish my testimonial if you think it will help others." — Mrs. CARRIE WILLIAMS, Overpeck, Ohio.

For more than forty years Lydia E. Pinkham's Vegetable Compound has been restoring women to health who suffered from irregularities, displacements, backache, nervousness or "the blues." To-day there is hardly a town or hamlet in the United States wherein some woman does not reside who has been made well by it. That is why Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for such ailments.

WESLEY S. S. MEETING

The annual meeting of the Wesley Church school was held in church parlors on Monday evening. Grati-fying reports were received from all departments, a general increase being noticed. The attendance has been well maintained; about \$600 was raised for school purposes, and \$100 for missions.

The following were elected heads of the departments for the ensuing year: A. J. Daniels, re-elected supt.; Geo. Guy, assistant supt.; L. A. Young, treasurer; Miss Daniels, pianist; Miss M. Enser, librarian and Kitty Daniels, book stand; Mrs. Geo. Guy, convener of missionary committee; Miss Beattie, supt. cradle roll; Mrs. L. A. Young, supt. of primary dept.; Mrs. Armstrong, supt. of junior dept.; Mrs. A. J. Daniels, director girls work; Gordon Young, director boys' work; H. Wilson, adult bible class teacher; J. E. Hunter and Mrs. H. Wilson, supt. of home department.

In addition to the heads, each department has a number of well-qualified teachers, doing splendid work in their own special line.

Votes of thanks were passed to all the workers, including one to the present pastor, who will leave Wesley in June, having completed his four years' term with the church.

TO REPRESENT CITY AT CONFERENCE IN OTTAWA NEXT WEEK

Ben Simmons Leaves For National Building Industry Conference

Representing the Victoria Building Trades Council Ben Simmons left Victoria this afternoon to attend the National Building Industry conference at Ottawa, which will open in the national capital on May 2.

The organization will consist of 31 representatives each from the employers and organized labor, and the invitations, which have been extended by the Minister of Labor, will gather a number of the leading men in the building trades of the country.

Organized Labor Delegates.
The delegates of organized labor invited are as follows: Bricklayers, masons and plasterers, 4; Journeymen Stonecutters' Association of North America, 2; Operative Plasterers International Association, 2; United Brotherhood of Carpenters and Joiners of America, 6, which includes Tom Moore, President of the Trades and Labor Congress of Canada; International Brotherhood of Electrical Workers, 3; International Union of Steam and Operating Engineers, 2; United Association of Plumbers and Steamfitters, 4; Amalgamated Sheet Metal Workers International Alliance, 2; Brotherhood of Painters, Decorators and Paperhangers, 3; International Hod Carriers, Building and Common Laborers, 1; International Association of Bridge and Structural Iron Workers, 1 and International Union, Wood, Wire and Metal Lathers, 1.

Conference Subjects.
The programme of subjects to be discussed by the conference is as follows:

- Existing conditions in our industry.
- Shortage of dwelling, commercial and public buildings.
- Seasonal nature of the industry and possible methods of regulation.
- Apprenticeship and craftsmanship.
- Consideration of National Joint Conference Board proposals.
- Development of technical training.
- Cost and production.
- Factors in building costs.
- Efficiency and its relation to production.
- Hours of labor.
- Wages and their relation to cost of living.
- Conditions of employment.
- Disputations.
- Unemployment insurance.
- Industrial safety.
- Development of joint industrial councils.

The WEATHER
Daily Bulletin Prepared by the Victoria Meteorological Department

Victoria, April 27.—5 a.m.—The barometer is falling over Northern B. C. and unsettled, rainy weather is becoming general, with rain being reported in the prairie provinces.

Reports.
Victoria.—Barometer, 30.25; temperature, maximum yesterday, 55; minimum, 42; wind, 4 miles W.; rain, .01; weather, cloudy.

Vancouver.—Barometer, 30.36; temperature, maximum yesterday, 54; minimum, 42; wind, 4 miles S. E.; weather, cloudy.

Kamloops.—Barometer, 30.32; temperature, maximum yesterday, 40; minimum, 32; wind, calm; rain, .01; weather, clear.

Barkerville.—Barometer, 30.25; temperature, maximum yesterday, 44; minimum, 36; wind, calm; weather, cloudy.

Tatlayash.—Barometer, 30.25; temperature, maximum yesterday, 50; minimum, 44; wind, 28 miles E.; rain, .06; weather, raining.

UNITED SERVICE GOLF CLUB READY TO FLOAT ITS BONDS FOR NEW LINKS AT UPLANDS

(Continued from page 1.)

crease in its tourist business. It is appreciative of the fact that there are insufficient golfing facilities to cater to the growing demand of the tourist. It is because of this, and very naturally because its present membership is so small, that the club has "cramped" at its nine-hole links at Esquimalt, that the Club has no hesitation in taking the step here outlined.

Ready Next Spring.

Assuming that the popular demand for a tangible interest in the projected venture will reach the expectations of the directors the Club feels that it is not too optimistic in promising that the new links will be in readiness for play in the early Spring of 1922. It realizes that a ready response to its appeal will be necessary. Moreover, it takes this opportunity of informing the general public that the directors of the Club have given a great deal of time to a very serious consideration of the project in all details, and do not hesitate to say that the people of Victoria would be assisting the progress of the community in which they live—not to mention the obvious safety of their investment—by lending their support to this proposal.

Restricted Opportunity.
It is pointed out that the links at Esquimalt will soon be disturbed by building operations, that the links at Oak Bay may not be played upon by non-member residents, and that the recent increase of grasses at Colwood over the week-end indicate the pressing need for additional golfing facilities. Unless, therefore, it may be made possible to consummate the project at Victoria, will suffer in a very serious extent by its inability to provide facilities for the sport of the hour.

MARKING TIME.

Great Britain has adopted a time-saving procedure in connection with Germany's reparations proposals by instructing her representatives in Berlin to clear up the ambiguity of the note transmitted to Washington respecting the term of years in which the payments would be made. The inquiry is to be an informal one; but it has directed public interest for the moment from this to the other side of the Atlantic and has served as a reminder that John Bull is a preferred creditor with a desire to get his account settled.

The London Daily News inclines to the view which has been expressed in these columns upon more than one occasion that a reasonable offer from Germany with appropriate guarantees would be to the advantage of the Entente and pay France much more than she could hope to extract by invading the Ruhr district. On the other hand the French organ of the Radical Party and a persistent critic of the Briand Administration will not consent to a consideration of the new proposal; but demands the seizure of the security before it would agree to further negotiations. With one or two exceptions this attitude appears to sum up the French standpoint and provide the contrast in views obtaining on both sides of the Channel.

Until there has been an exchange of official opinion between Paris and London the German note will remain in Washington. In other words there is no change in British and French attitude towards the fundamental considerations which shall determine a resumption of pourparlers or an extension of military invasion. France is determined to press for the limit while the opportunity presents. Indissolubly linked with this desire is the condition of her national exchequer and the urgent need for a replenishment of funds. And the French people seem to look upon the occupation of the Ruhr as the only key that will open the door to Germany's national till to the extent of the Allied demand.

Prominent British experts in international finance and trade—not to mention the underlying objection to military invasion which Mr. Lloyd George always has manifested—convey the idea of an apprehension lest Germany's endurance under military pressure should be less than is popularly judged by her undisputed ability to restore her economic status. Added to the possibility of Germany throwing up her hands if she is pressed too far is the unalterable fact that world conditions at the present time emphasize the urgent necessity for European peace with industrial and economic stability at the Continental hub.

These are some of the considerations which always have contributed to the cooler reception of French policy in Great Britain. They form the main arguments against rejection of the new proposals without a very thorough canvass of the possible effect that would be created by the exaction of additional penalties by armed force.

LIMIT OR NOT?

Some people will argue that an attempt to restrict the amount of liquor a person over the age of twenty-one years may purchase at any one time would be tantamount to a continuance of prohibitory law and not control. In the strict sense of the term that interpretation may be correct; but it seems to have been forgotten that the British Columbia Prohibition Act as it

stands to-day does not permit the individual to obtain more than eight ounces at a time unless he is prepared to convince his medical adviser that his physical condition is such as to require a more liberal liquid treatment. If he succeeds in doing that he may go to the Government vending establishment in Victoria or Vancouver and get two quarts. Under the new Act he may obtain his permit and get his requirements filled when he feels so disposed without completing the farcical arrangement which has obtained under the dying law. With the additional liberty, therefore, none the less in view of the fact that the people of British Columbia actually ordered the abolition of what the majority considered to be irritating restrictions, is it advisable to go to the other extreme and attempt control along lines which would differ from the old retail store business only in the principle involved in the permit? It is all very well to argue that there would be no restriction upon the reliable citizen. Where is the expert in physiognomy who can fasten his gaze upon facial contortions or absence thereof and make up his mind on the spot?

SILLY TACTICS.

In its refusal to permit its membership to handle coal intended for commercial purposes the National Union of Railwaymen in Great Britain has gone part of the way in an attempt to bring about something in the nature of a condition of affairs that would have followed joint action by itself and the transport workers. It is true that the decision of Unity House is not directed against public utilities or intended to apply in the case of coal for hospitals and household use; but the fact that the railwaymen will not undertake to remove coal from colliery sidings or from overseas must very soon automatically affect the vital services which are now exempt from the provisions of the embargo. The significance of this new procedure, however, lies in its gentle reminder to the public at large and to the Government in particular that influences are still at work in an endeavor to restore the status quo ante of the Triple Alliance. As a coercive measure it will fail because it will merely add to the discomfort of the nation without offering any assistance to the negotiations now in progress between the miners and the owners.

THAT EMBARGO AGAIN.

In his election address to the people of Cumberland Sir Cecil Lowther relates some of his experiences on the border line between this country and the United States and expresses the view that there is no guarantee that Canadian cattle are guarded from infection from American herds, or that American cattle would not be shipped to England through Canada if the embargo should be lifted. To an electorate of the Northern County where stock breeding forms one of the chief industries the argument advanced by Sir Cecil may have more than ordinary appeal. At least it is a bid for agrarian support at the polls even if it should unwittingly discount the intelligence of that section of the populace which may be acquainted with the stock raising industry of this country. On the other hand some of his constituents may recall Lord Lee's confession before he retired from the Department of Agriculture in which he made it clear that the health of Canadian cattle had ceased to be a factor in the embargo controversy. The suggestion of mixing herds and the possible shipment of American cattle through this country should not be taken seriously. And Sir Cecil would be honest with his electorate if he informed them that the embargo is merely another name for agrarian protection.

ALL BRITISH.

At a St. George's Society dinner in Toronto on Monday night Sir Henry Drayton observed that "the best Englishman is the best Canadian." Mr. W. E. Cockshutt, M. P., replied with a reminder that "I am an Englishman before I am a Canadian." The remark of the Minister of Finance admits of no argument. But as a matter of fact Mr. Cockshutt is not an Englishman. He was born in Brantford

and has lived in Canada all his life. His father and mother were both of English birth and came to Canada nearly a century ago. Apart from the question of birthplace, however, it should be remembered by all public speakers at festivals of this kind that a war has taken place during the last seven years and in that time the Englishman and the Canadian have become a great deal better known to one another. They both agree that the people of this country and those who live in the "tight little isle" may proudly answer to the description of British. That means both English and Canadian.

NOTE AND COMMENT

To consider the "recent legislative salary grab" in all its phases the people of Duncan have decided to hold a mass meeting next Tuesday evening. Was there more than one phase?

In discussing Germany's reparations offer The Paris L'Humanite says "seize the security first and talk afterwards." In other words hang the murderer and try him at the cemetery.

Some misguided individuals in Great Britain are going about the country smashing windows and puncturing plate glass with diamond cutters. What a pity they cannot direct their energies upon the coal seams while the miners are on holiday!

The Prince of Wales and Lord Lansdale have been invited to attend the Dempsey-Carpentier fight as guests of the promoter. It would take Edward P. about two minutes to make up his mind; but his royal parents may have something to say about it.

For the first time in history an Archbishop of York has addressed a meeting of the Baptist Union. In the year 1921 we are getting gradually nearer to something that the average mind will call practical religion and an end of denominational strife.

OTHER PAPERS' VIEWS

OUR "UNTAMED SAVAGES."
 (The Ottawa Citizen.)
 What the movies haven't done for the American divorce courts, are on the way to accomplish. During alimony argument in the Sillman divorce suit in New York the leading lawyer for the defence referred to the absurdity of the charges against the fair defendant. "She is charged with being on too friendly terms with a member of one of the warlike tribes away up there in Canada," he declared. "The Iroquois," interjected another lawyer. "Yes, I do," continued the first legal light. Of course, his auditors had a mental vision of Canada in which the streets of the frontier towns, like Three Rivers in the north, were crowded with specimens of the noble red man and such incidents as shooting up the cowboys and scalping savages were property prominent. This will amuse native Canadians who know that the only untamed savages we now tolerate in our white settlements are driving hacks.

WATCH YOUR SMOKE!
 (The Springfield Union.)
 Now is the time to guard against carelessness in the woods, especially on the part of smokers. A lighted match or a cigar or cigarette stub heedlessly thrown away may start a fire that will result in serious property loss and other damage.

"The stars incline, but do not compel."
HOROSCOPE
 WEDNESDAY, APRIL 27, 1921.
 (Copyright, 1921, by The McClure Newspaper Syndicate.)

Many stars smile on men and women to-day according to astrology. The Sun, Uranus and Jupiter are all in benefic aspect. It is a time to undertake important initiatives of any sort, for the planetary government promises success. Both men and women who seek appointments, especially if they are political, should push their interests, while the configuration prevails. The President, Governors, Mayors and all officials to whom Government administration is entrusted should make the most of this day's opportunities. During this way the public mind is kindly in its judgments of statesmen and there is advantage to be gained easily by winning commendation at this time.

Changes in the President's Cabinet are indicated, and one will occur before the Autumn in all probability. Jupiter gives encouragement to all who are interested in commerce and trade, and there appears to be a shadowing of new standards that reduce business to a more exact standard than has been possible in the past.

Public ceremonial will be numerous in the Fall, when the stars are in great number of distinguished visitors. Chicago and the Middle West has a fortunate star that seems to promise prosperity. Agitation concerning taxes will come prominently into notice next month. Building has a lucky sign, but there will be wide dissatisfaction with living conditions, especially in the East, next Autumn. Persons whose birthdate it is have a happy augury for the year in which they should flow in. Travel and change that will be lucky are indicated. Children born on this day will be successful in all their undertakings. They should prosper exceedingly, for they are likely to be industrious as well as intelligent.

WASHINGTON THIEF TOOK PAPERS, BUT DECEIVED HIMSELF

Washington, April 27.—It has been learned that the naval intelligence office of the United States Navy Department was robbed of the secret file of Japan. The Department's theory is that some one familiar with the office stole the documents in the hope of selling them for a substantial price.

LIQUOR PERMITS OUT SOON; BUYING TO BE MADE EASY

(Continued from page 1.)

their order for a fair-sized supply of liquor without feeling any financial pinch. The same plan of issuing permits two weeks in advance has been adopted by Quebec, where the new Government liquor law, similar in many ways to that of British Columbia, comes into force at the first of next week.

Starts For Up-Country.
 James H. Falconer, one of the three liquor commissioners, will leave tonight on his trip through the Interior to pick out sites for liquor offices and warehouses, and to select men to take charge of the liquor business in these districts. Mr. Falconer will spend four days in Vancouver getting things started, before he entrains for Kamloops.

Hundreds of persons in each of the chief cities of the Interior are said to be awaiting the arrival of Mr. Falconer to offer him their services in the liquor work.

Goes Up Island Friday.

On Friday Col. Winby, who has charge of organizing the inland and northern part of the Province for the Liquor Board, will go to Nanaimo to start operations there. Reports are to the effect that crowds equally large will be waiting at the stations along the line of the railway to greet Col. Winby as soon as he shows his face, and make him acquainted with their willingness to take up any one of the various forms of liquor work for the Government.

After he completes his Island trip, Col. Winby will go North to Prince Rupert, and will go as far East along the Great Trunk Pacific as Prince George.

Death on Chinese Bootleggers.

A. M. Johnson, K.C., Chairman of the Board, will spend his time in Victoria and Vancouver dealing with some of the big problems of policy the Board faces before business can be started.

The Board has made a final determination to open war on the illicit sale of liquor in the Chinatown of Victoria and Vancouver. It has been decided that Chinese will be compelled to pay permits and have their own liquor numbers just as much as a white man. Information has been furnished the Board that the worst class of bootlegging business centres in the Chinatowns.

The Board is out to control and control all the liquor trade that is carried on in Chinatown, as the members believe such action to be in the interests of the health and morals of the community and will accrue to the profit of the Province.

LESS BEEF IN COLD STORAGE
 (Continued from page 1.)

Eggs.
 Eggs in cold storage amounted to 504,631 dozen, other than cold storage, 518,932 dozen and frozen, 510,556; 518,932. Cold storage stocks showed a total increase of 238.16 per cent. from last year.

Beef.
 Beef stocks amounted to 17,279,345 pounds of fresh frozen, 2,63,958 pounds of fresh unfrozen, 541,512 pounds of cured, and 124,777 pounds in process of cure. Comparative figures show fresh frozen decreased 40.68 per cent. from last year; fresh unfrozen decreased 5.56 per cent.; cured beef decreased 1.48 per cent. from last year.

Poultry.
 The total stocks of poultry were 2,610,214 pounds.

British Comments on German Scheme
 (Continued from page 1.)

Berlin Papers.
 Berlin, April 27.—The Berlin newspapers, with the exception of the extreme conservative organs, in commenting on the German counter-proposals on reparations, express hope that these proposals will at least form the basis for new negotiations which will preclude occupation of further German territory and application of additional penalties after May 1.

The Tageblatt takes the view that the propositions constitute an approach to the Paris demands of the Allies and furnish a framework for resumption of conferences.

Sorrowful.
 The conservative Deutsche Tageszeitung views the proposals with sorrow and reaches the conclusion that "Germany's industries are bound to be robbed, regardless of circumstances."

The Red Flag, the Communist organ, says: "Germany can offer what she will, but the fact remains that there must be security, and the only guarantee in occupation of the Ruhr-Valley."

GOES EAST.

Vancouver, April 27.—Lindsay Crawford and party left tonight for the east. It was announced today that it was decided to abandon the proposed visit to Victoria.

STORM IN STATES CAUSED DEATHS

More Than Twelve Killed in Mississippi

Jackson, Miss., April 27.—Arrangements were under way to-day to aid residents of the village of Braxton, a tornado yesterday killed more than a dozen persons and injured a score. Property loss was estimated in excess of \$100,000.

In Wisconsin.
 Eloy, Wis., April 27.—A tornado swept through Juneau and adjacent counties late yesterday, destroying all buildings on a number of farms and killing cattle and horses.

The twister hit Hustler and Kendall, Wis., cutting communications with outside points.

BEER POURED INTO NEW YORK SEWER; POLICE HELD CROWD

New York, April 27.—Police reserves had to be called to-day to hold back a crowd that gathered when 600 gallons of real beer, seized by the police in an effort to dry up the city under the new state law, were poured into a sewer on East 123rd Street. Men and women, carrying pichers, basins and even cups, tried to break through the lines, but were driven back.

PRISONERS ESCAPED.

North Bay, Ont., April 27.—Patrick Dubord, awaiting trial here on a charge of having murdered Victor Elletts in January, and Mike McNamara, charged with rape, escaped from the county jail late Monday night.

Government Street **WEILER BROS. LIMITED** Opposite Post Office

WHITEWATER IRON RESERVE RAISED

Ore, High Grade and Pure, Not Extensive Enough to Pay Now

The reserve placed on the iron ore deposits of the drainage area of the Taseko (Whitewater), Chiklo, Tainish and Chequamegon Lakes and the Chilo River and Big Creek, Clinton Mining Division, has been removed by Order-in-Council, it was announced to-day by the Hon. William Sloan, Minister of Mines.

The reservation was made on the recommendation of Hon. Mr. Sloan on May 20, 1920, because of the possibility that the iron ore resources of the district might prove to be of importance in the development of the iron and steel industry in British Columbia.

Prospect Looked Good.
 In 1919 Wm. M. Brewer, resident mining engineer with headquarters at Nanaimo, was instructed to proceed to the Taseko Lake district and to make a report on the limonite ore occurrences. His party reached the locality late in the afternoon and found considerable areas covered with limonite deposits, samples from which returned extremely satisfactory assays.

Following this report Hon. Mr. Sloan took steps to have the deposits reserved, acting under authority of recent amendments to the Mineral Act and in line with the policy of eliminating speculation in mining property likely to be of value in the industrial development of the Province.

As soon as the season opened in 1920 F. J. Crossland, mining engineer of Vancouver, was sent with a well equipped party into the field to make the further explorations necessary. Mr. Crossland spent the Summer of 1920 in the district, made excavations and borings on the more important of the deposits and gathered detailed and exact information for the guidance of the Department of Mines in its policy with respect to this area.

1,500,000 Ore Estimated.
 Mr. Crossland's report takes in an area of fifteen square miles of the upper part of Taseko Valley. He finds that the iron ore is a secondary limonite and occurs as surface deposits following the present contour of the ground. The deposits are patchy and vary from one foot to five feet in thickness.

Eight widely separated deposits are described. The McClure Mountain deposit is referred to as one of the principal ore deposits of appreciable size. It contains nearly half a million tons of "positive ore" and the whole Mountain contains half a million tons of "probable ore." The total of "positive ore" in the eight deposits is placed at 874,741 tons, and "probable ore" at 911,250 tons.

Free Without Impurities.
 The ore, it is stated, is homogeneous in character, and is a good grade iron ore, averaging about 50 per cent. iron and with no impurities that would affect its value as a supply for blast furnaces.

The deposits are not in a consolidated block, but consist of a number of widely separated aggregates. While Mr. Crossland was proceeding with his work a party headed by Dr. J. D. MacKenzie, of the Canadian Geological Survey Branch, also entered the district to make a similar investigation on behalf of the Ottawa

NOT RELEASING

S.C.R. STAFF HERE

Effect of Reduced Appropriations to Be Gradual

That no rapid change would take place in the staff of the Soldiers' Civil Re-establishment Department, or in any of the departments of that body here, in consequence of the cut in the appropriation for the work was stated to-day at the local office. Due to many causes the number of men appearing for vocational treatment is falling gradually off, and a consequent decrease is looked for in all departments.

C. S. Manchester, who has held the position of District Vocational Officer of "J" Unit of the Department of Soldiers' Civil Re-establishment at Vancouver for the past two years, will resign his present position at the end of May.

Mr. Manchester has issued instructions that his duties will be carried on until June 1 by A. T. MacLean, at present chief industrial surveyor, who will on June 1 become "chief of the training division, "J" Unit," reporting to Major C. A. Bell, who will be then sole head of the activities of

the S. C. R. in Vancouver, apart from the medical branch.

The announcement of the approaching retirement of Mr. Manchester is the first of many changes due to the ending of a large portion of the work of the vocational branch at large. During the Winter the necessity of administering Federal relief kept many of the staff employed. Between now and the end of May approximately thirty members of the staff will also sever their connection with the department. The consolidation of the departmental work under one head, rendered possible by the reduction in the volume of the work, provides an opportunity for many economies.

MAY PLACE MAYORALTY IN COMMISSION
 Alderman A. E. Todd probably will be appointed Acting Mayor to manage the city's affairs during the absence of Mayor R. J. Porter, who will leave for Halifax on Monday. The appointment will be made by the Council either Friday or Monday if Alderman Todd will undertake his

Worship's duties. If Alderman Todd is too busy to assume the office Alderman Andros likely will be appointed as Alderman Sangster does not wish to occupy the Mayor's chair. It is understood.

When the Mayor was ill some weeks ago a sort of aldermanic triumvirate, consisting of Aldermen Todd, Andros and Sangster, occupied the Mayor's office intermittently and managed the business of the city. It is likely that this system will be adopted again as none of the aldermen wishes to give all his time over to these duties.

NEED NOT PAY.

Montreal, April 27.—The Court of Appeal yesterday unanimously reversed a judgment of the Superior Court condemning Dr. George Dupont to pay \$3,000 charges in an action to recover \$10,000 taken by Charles St. Martin, who alleged that he was burned and injured in October, 1919, while under X-ray treatment at the hands of the doctor.

WHAT'S IN A NAME?

Facts About Your Name: Its History, Its Meaning, Whence It Was Derived, Its Significance, Your Lucky Day and Lucky Jewel.

By Mildred Marshall.
(Copyright, 1921, by The Wheeler Syndicate, Inc.)

JOY.

Joy is one of the "glad" names. It stands alone as an abstract virtue, popular in the Polynesian era. But it has an interesting etymological history as well. It comes from the Greek word "joy," of which the Latin equivalent is "jocundus," the French "joie," and the English "joy."

From "jocund" came the "Jocundus" which migrated from Wales. He refused the sovereignty of Britain and became a hermit in Pontiffridd, where he is now remembered as St. Jocus. The feminine of his name, Jodoca, is still popular in Wales. England formed from "Jocundus," which straightway became "Joyce."

The latter form is much used in England to-day, as well as in this country, where its contraction is generally "Joy," despite the fact that Joy has the right to separate existence. The French "Jocelyn" is a graceful and musical

equivalent adopted by us, and in popular usage. The turquoise is Joy's talismanic stone. It is the symbol of prosperity, though it is the simplest of stones and has the power to protect its wearer in any venture, whether from disease or accident. Tuesday is her lucky day and 1 her lucky number.

Psychic Science Society.—The Ladies Aid of the Psychic Science Society will hold their usual whist drive in the K. of P. Hall, North Park Street, on Friday April 29 at 8:30 p. m. The usual generous prizes will be given.

Social Personal

Mr. and Mrs. Herbert Macklin entertained at a delightful dance on Monday evening at their residence, "Harnham," Rockland Avenue, in honor of their daughters, the Misses Doris and Laura Macklin. The reception rooms were prettily decorated with Spring flowers. Those in attendance at the affair were: Mr. and Mrs. Herbert Macklin, the Misses Winifred Duffy, Joyce Burrell, Gwen-dolyn Verrinder, Dorothy Norris, Virgie Ewing, Muriel Brethour, Nan Riddell, Edith Richardson, Marjory Legg, Vera Cockett, Violet Joseph, Mona Rickaby, Joyce Wornall, Monica Davis, Doris and Laura Macklin; and Messrs. Kenneth MacLean, Walter and George Miles, Eric Jones, Bob Woodton, Tom Wollison, Charles and Aubrey Walls, Paul Riegle, Edouard Quinlan, Jack Marshall, Ed Dudley, Billie Bryson, George Ruck, Bob and Harold Stenson, Danby Hayman, Billie Christensen, Harold Gens, Cyril Godson, Stuart Wilders, Ansley Helmcken, and Clifford Macklin.

The Knights of the Thistle gave another of their enjoyable whist drives last night in the Caledonia Hall. About forty tables were taken and a tombola was run during the evening. Mrs. A. G. Loveridge won the tombola and received an aluminum coffee percolator as first prize. At the end of the drive whist prizes were presented to the winners, who were: Ladies, first, Mrs. W. Feden; second, Mrs. J. O'Connor; gentlemen, first, Mr. C. Francis; second, Mr. J. Zar-ellic; consolation, Mrs. J. Walters and Mrs. D. Wallace, co-winners; Messrs. R. McIntosh, A. McBeth, G. Wood, Cootes, J. Carmichael and W. Angus.

Mrs. Will Brown, 1163 Esquimalt Road, has kindly placed her home at the disposal of "J" Unit Chapter, I. O. D. E., for a silver tea on Saturday afternoon from 3 till 6 o'clock. An attractive musical programme is being arranged. Mrs. R. H. Pooley having consented to sing, with Mrs. A. J. Gibson as accompanist, and Miss Wilkerson will give recitations. Miss B. Cooke will read the tea-cups. It is hoped that all members of the Chapter and friends interested in its work will make a special effort to attend what promises to be a delightful affair.

The Sidney Lacrosse team were hosts at a delightful dance at Ber-trand Hall, Sidney, last night. The music was furnished by Ozard's Orchestra, while the supper arrangements were in the hands of Mrs. Patchell, Mrs. D. Robertson and Mrs. Jackson. The committee which had charge of the general arrangements was composed of Messrs. Hill, Dickson and Robertson. Mr. Dickson performed the duties of floor manager most acceptably. The proceeds will help to purchase goods for the lacrosse team.

Mr. and Mrs. R. Scott, of Port Arthur; E. A. Phelps and A. H. D. Sadi, of India; W. G. Everett, and L. Col. C. Hancock, of England; H. Tweed, of New York; E. C. McDougall, of Seattle; Mrs. T. Thorne, Mrs. and Miss Bowden, and Mr. and Mrs. E. W. Copp, of Vancouver, are guests at the Strathcona Hotel.

C. C. MacDonald, of Westholme; Mr. and Mrs. Rex, Miss Barson, Miss Collins, Miss Coffard, W. L. Hor-fall, of Duncan; J. Z. Williams and A. L. Falk, of Nanaimo; A. Dunbar, of Ganges; Jas. W. Piercy and John

Wood, of Denman Island: A Fraser and family and S. B. Williams, of Bamfield Creek, are up-Island visitors now at the Dominion Hotel.

Mrs. W. C. Nichol returned this morning from Vancouver, where she has been visiting for the past few days. While in the Mainland city she was much entertained. Mrs. Walter Evans being hostess at a delightful luncheon party in her honor on Monday, and Mrs. Leslie Wright entertaining yesterday at the luncheon hour.

Mr. and Mrs. E. Walker, and G. Shore, of Ganges; and Mrs. Sheridan Rice, Maj. H. A. Rice, Mrs. T. H. Gibson, and Mrs. and Miss Wiley, of Duncan; Mr. and Mrs. J. Pauline, of Shawnigan; S. H. Hopkins, of Courtenay; Mr. and Mrs. G. F. Payne, and H. B. Harris, of Saturna Island, are registered at the Strathcona Hotel.

To-morrow afternoon between the hours of 3 and 6 o'clock, a silver tea will be held at the residence of Mrs. Griffith, Oscar Street, Norfolk Lodge, Elk Lake. The proceeds will be shared between the building fund of St. Michael's Parish Hall, and the Saanich Y. O. N.

A. R. Austen, of White Horse, Y. T.; S. B. Pares, of Port Angeles; Henry Yessier, and J. C. D. Canne, of Los Angeles; S. J. Lutz, of Port Angeles, and H. E. Lutz, of Seattle; H. Long and Mrs. Long, of Mannet, N. Y., registered at the Dominion Hotel yesterday.

Mr. D. C. Coleman, western vice-president of the Canadian-Pacific Railway, and party who have been visiting in the city for a few days, left to-day, on a trip to Alaska.

Mrs. J. Douglas Brack, of Winnipeg, who has been spending the winter in California, is the guest of Mrs. E. H. Griffith, Oscar Street, before returning to her home on the prairies.

Mrs. A. D. McRae, Shaughnessy Heights, entertained at a dinner-dance at her home in Vancouver last evening in honor of her house guest, Mrs. Francis Hartley, of Victoria.

Miss Beatrice Cowley, who has been spending the winter with her sister at "Virginia," Fowl Bay Road, has now left for her home at Pent-ton, in the Okanagan Valley.

Mr. and Mrs. Michel Cherniavsky, with their baby daughter, have arrived from England and are visiting Mrs. Cherniavsky's mother, Mrs. R. T. Rogers, in Vancouver.

Mrs. Ashdown, of Port Alberni, entertained informally at the tea-hour yesterday afternoon, at her residence in honor of her guest, Miss Lona Holmes, of Millstream.

Mr. Alan M. Maclean, of the staff of the Merchants Bank, Victoria, has returned to this city after holidays spent in Vancouver.

T. Sibbins and family, of Duncan, have returned from a tour to England and are at the Dominion Hotel at present.

Mr. and Mrs. L. R. Whom, of Southport, England, are registered at the Empress Hotel.

H. E. Hannell, of Hammond; W. A. Hoskin, of Langley Prairie, are at the Dominion Hotel.

Miss M. A. Boswell and A. W. Boswell, of Quebec, are registered at the Empress Hotel.

A. H. B. Macgowan, Ex-M. P. P., was in the city yesterday from Vancouver.

Mr. and Mrs. L. A. Wilson, of Winnipeg, are guests at the Empress Hotel.

Mrs. F. R. Perry, of Calgary, has arrived at the Empress Hotel.

Norman McLean, of Vancouver, is a guest at the Empress Hotel.

Mrs. Asquith's book DESCRIBED AS "CURRY"

Scathing Condemnation of Famous Autobiography by Woman Debater

What some women think of Mrs. Asquith's autobiography was expressed at the Lyceum Club, London, in a debate recently.

Mrs. Dalton, who opened the discussion, said that Mrs. Asquith had a strong and vivid personality, by reason of which she conquered all great men and women that she met. The book should be read as a whole. Some said it was egotistical, but an autobiography must be so. The great autobiographies of Rousseau and Pepys were like that, and Mrs. Asquith's book would rank with them as one of the greatest in history.

DELIGHTFUL BRIDGE-TEA YESTERDAY

Women's Canadian Club Gathering at Home of Mrs. Gallinger Success

Devotees of bridge and five hundred indulged in this popular pastime under the happiest conditions yesterday afternoon when Mrs. W. A. Gallinger threw open her charming home, 314 St. Charles Street, for an enjoyable and successful bridge-tea held under the auspices of the Women's Canadian Club. Twenty-two tables were engaged in play, arranged in the drawing-room, billiard-room, den, sun-room and the spacious hall, the gathering being largely augmented at the tea hour.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

BROWNIE'S BLUE BELLS

Once upon a time there lived a tiny brownie who dressed all in blue. His home was in a crystal rock through which the sun shone in a blue tint, and even this tiny man's hair was of a lovely shade like the Summer sky. Right next to this blue cave was another even smaller, in which a wee sprite made herself comfortable. This fairy was all in gold from the pretty yellow curls of her hair to the tiny satin slippers which twinkled on her little feet. Very naturally the Blue Brownie fell in love with the yellow sprite.

They became engaged to be married and things were going on merrily when the sprite one day remembered that two things were needed for a wedding—bells and a minister. "I am sure I never heard of any wedding without a preacher to perform the ceremony," said the bride cooly. "And it would be dreadful not to have any bells to ring for us. I would not like to do without those things."

"I guess I can fix that," replied the Blue Brownie bravely. "Down in the meadow are some wild lilies of the valley which can serve for marriage bells, but I do not see where I can get a minister."

The sprite wept till her tiny eyes grew pink and her heartache was soaked with tears.

"I will run and get the bells first anyway," said the Blue Brownie cheerily. And off he set, and in a few minutes he returned with his little arms laden with fragrant white blossoms, pretty cups of the lily-of-the-valley that bent his shoulders under their burden. He threw them in a pile at the sprite's feet.

"They're beautiful," she exclaimed, as she tried to lift one of the long stems with her wee arms. "I know these bells will ring out happily, if we could only get a minister."

The Blue Brownie sat down sadly on a bit of moss in the sunshine. All about him were the only off ushers a big wild-grape vine the little sprite was weeping bitterly, and no wonder. How could one be married without a minister?

It was warm and dry. The Brownie noticed that the ground about a stiff plant growing just by his door was dusty from need of water.

"I will give it a drink, poor thing," he said aloud. So he filled his small pail at the brook and poured it several times around the root of the plant. Very soon it held up its head refreshed. Its leaves took on a fresher look and it seemed to grow proudly in the sunlight.

"My, but that was fine," said the plant. "I was so thirsty that I could hardly breathe. Why do you look so sad, my little Brownie?"

"Plenty of reason," groaned the Brownie. "I am all ready to get married and we have no minister—that is why my future bride is off there weeping."

"No need to worry about that," laughed the plant. "I am quite sober looking and will be quite glad to pronounce you man and wife. Since I had such a nice drink I think I could even bend down to kiss the bride."

"And he spoke the truth, for which was about a foot high and very stiff swayed slowly in the wind."

The Brownie ran off to the sprite, and within three minutes they were both standing before the plant who with a few words, announced they were married. The happy Brownie shook the lilies gayly, and out on the sweet April air there rang a merry peal of bells.

"I guess I will kiss the bride," said the plant, bending down towards the sprite.

"And you shall wear our wedding bells, too," laughed the sprite, as she tossed them over the head of the plant. And she spoke the truth, for the tiny flowers grew into a part of the flower itself. And now each Spring you will see the hyacinth with its tiny purple bells. Then you must remember that the lilies which the bride threw over the plant's shoulder have become a part of that handsome flower now known as the hyacinth.

IVEL'S PHARMACY

Corner Douglas and View

The Auxiliary will be stationed in Spencer's store to receive donations and membership dues.

Mrs. E. S. Hasel was appointed a delegate to the Child Welfare meeting. The president announced that the proposed hall under the joint auspices of the Musicians' Union and the hospital auxiliary had been postponed until the commencement of the autumn.

Rummage Sale at Victoria West—The Ladies' Work Society of St. Saviour's Church has arranged to hold a rummage sale, with a table of children's clothing, in the school-room of the church to-morrow, Thursday, at 3 p.m. In the outer room a table of home cooking will be presided over by Mrs. Forde and Mrs. Anderson.

Arts and Crafts Dance.—The Island Arts and Crafts Club will hold a dance in the Alexandra Brown hall on Friday evening, April 29, from 9 till 11 o'clock. Heaton's orchestra will supply the music and full or fancy dress will be optional. Tickets may be obtained from members of the committee or from the secretary, J. S. McMillan, telephone 1470.

Want Community Park.—A community park in the Langford district will be a goal for which the members of the Langford Women's Institute will strive, according to a decision reached at their monthly meeting yesterday. Arrangements were also made for the holding of a flower show in the month of July. Mrs. Tyndal Godman gave an interesting address on the subject of Women's Institute work in England.

Sunshine Club Rummage.—Under the auspices of the Sunshine Club of the Victoria Chapter, Order of the Eastern Star, a rummage sale will be held on Saturday at 10 o'clock at the store formerly occupied by Seabrook Young, corner of Johnson and Broad Streets. This club dispenses "sunshine" in the form of charity, assisting the Friendly Help, Salvation Army, the Victorian Order of Nurses, as well as looking after individual cases of necessity.

ROADSIDE GRASSES NO LONGER AWAIT SAANICH CATTLE

Pound Bylaw Provisions to Be Enforced Throughout Saanich

The Pound By-law will hereafter be administered in Saanich with all the effect possible, and cows found at large on the municipal highways will be rigorously impounded by the Police Department, the Municipal Council having last night, after a warm discussion, given such instructions.

Councillor Vantreigh made a strong fight for freedom for cattle in rural wards, but Councillor Brooks took issue with him on the farmers' point of view, especially stressing the carriage of weed pests by roaming cattle.

Councillor Vantreigh offered to bring a deputation to next week's meeting if the matter was deferred, and urged the hardship which a ban

TORPID LIVER FOR OVER 4 MONTHS

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mehli, Nanaimo, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and I am a different person to-day. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co. Ltd., Toronto, Ont.

on road grazing would place on those who kept one cow for family use. The whole discussion was caused by a request for enforcement of the by-law made by the Ward Two Cottage Gardeners' Association, and Councillor Ormond was emphatic in urging attention to the demand, his motion being seconded by Councillor Brooks.

The Council was told that residents of Wards Two and Seven who owned cattle were convinced they had every right in grazing cattle on roadways, whereupon Councillor Simpson foresaw the point where a vested interest would be created by cattle owners unless the practice is stopped.

On the vote, Councillor Vantreigh was the only councillor in the negative, and was so recorded at his request.

VANCOUVER ISLAND NEWS

Died At Ladysmith.
Ladysmith:—The death occurred in Ladysmith on Sunday of Mrs. Jessie Hope Duncan, a native of Scotland, aged 69 years who has resided in Ladysmith the past eleven years.

She is survived by four sons, James, of Fernie; Thomas, of Alko, B. C.; Ninon, of Alex. Alta, and William, of Ladysmith; and two daughters, Mrs. Thomas Beveridge, and Mrs. William Fraser, both of Vancouver.

G. W. V. A. Restroom.

Courtesy:—For some months the Great War Veterans' Association has operated a restroom and kitchen on Mill Street for the convenience of members, and so popular has it become that the association has vacated the small premises and removed to quarters in their own building at the corner of Cumberland Road and Union Street.

Milk Situation.
Nanaimo:—In his report to the City Council Monday night dealing with the dairy situation here, Sanitary Inspector Murdoch stated that reacting cattle were shipped to Vancouver on April 18 from the following owners: James Marshall, 19 head; W. J. Hacker, 2; N. Fagonelli, 7; C. C. Smith, 1. These cattle were slaughtered at the abattoir, with the following results as supplied to the department by the responsible officers: One hundred per cent. were diseased; all were pronounced; several were advanced, and three had tubercular udders.

At Monday night's meeting of the City Council, Mrs. F. L. Reynolds, of the Local Council of Women, wrote that the Women's Council had unanimously passed a resolution favoring a central milk depot for pasteurizing milk. The communication was received and filed for future reference. Sanitary Inspector Murdoch submitted a report on the dairy conditions of the district, and following the adoption of the Mayor Busby said he would like to know what became of the condemned cattle after they had been slaughtered. On motion it was decided to write the authorities asking for information.

CLEVER LOCAL BOY DIES IN VANCOUVER FOLLOWING INJURY

Douglas Wallace, Brilliant Victoria Student, Succumbs

Douglas Wallace, one of the most brilliant students ever educated in Victoria schools died in Vancouver Monday morning, following an accident received during an outing on Grouse Mountain outside North Vancouver.

The accident occurred while a party of university students, of whom Wallace formed one, were returning from the cabin they had built on the mountain. At the time the accident occurred, Wallace was a student at the University of British Columbia, and was a member of the Victoria High School where he quickly distinguished himself as a student. He was regarded by his fellow students and teachers as one of the cleverest boys who had ever attended the school.

Studying science, he passed his matriculation examinations in 1916, and was a member of the Victoria High School where he quickly distinguished himself as a student. He was regarded by his fellow students and teachers as one of the cleverest boys who had ever attended the school.

THE RIDDLE OF THE FROZEN FLAME

By MARY E. AND THOMAS W. HANSHEW

Cleek and Dollops stood at the quayside, listening to the water lapping against the iron girders, and straining their eyes to catch a last glimpse of the fleet of fishing boats. Of a sudden from the blackness others appeared. Old Black Whiskers gave a muttered order, and like a well-drilled army the men were ready again, this time flocking to the side of the quay as the boats rode up, and waiting for them, empty-handed.

Cleek turned to the nearest one, and spoke in a low-toned voice. "What now, mate? I'm new at this game."

"Oh, unloading. Usual thing. Faulty gauge. Don't never seem as though the factory line and the proper cover for those tubs. All the time I bin 'ere—nigh on two years—it's bin the same. Every lot goes out, some come back again with a complaint. Funny thing, ain't it?"

"Yus," responded Cleek shortly. "Damm funny." It certainly was. Unless he sucked in his breath and his lips pursed themselves up to whistle but no sound came.

And the work of unloading began.

CHAPTER XXV

The Web of Circumstance

For a few days there was no more overtime to be earned by Cleek or Dollops, so that they were free to spend their evenings as they wished, and though the "Pig and Whistle" got its fair share of their time—for the sake of appearances—there were long hours afterward, between the last tattered remnants of the night and the day's dawning, when they did a vast amount of exploration.

That they made good use of this time was proved by the little notebook that rested in Cleek's pocket, and in which a rough chart of the country and the docks was drawn, though there were still some blanks to be filled in—while opposite it was a rude outline of the secret passage into which they had blundered three nights before.

"Got to explore that hole from end to end, Dollops," said Cleek on the fourth evening, as they struck off together toward that gap in the hedge, soon after the clock in the village had chimed out ten, and the little bar of the "Pig and Whistle" was slowly emptying itself of its habitués. "I've the main route fairly correct, I think, and the passages as they are, but the sacks stood, and where we took to cover when Black Whiskers was showing the master of this underworld domain through the place. I happen to have learnt the chap's name yet."

"Yessir, Brent it is, Jonathan Brent, or so one of the men tells me. Says he's never seen 'im, though; nobody 'sly ever does, from what accounts 'e give me. One Black Whiskers and our silent-footed friend, Borkins, is the main ones wot does 'is work for 'im."

"Hm. Well, that's something cleared, anyway. Of course we may be able to find out who he really is, but the chances are small. Men like this chap don't go giving away nothing, and they can't help. They lie low and let their paid underlings stand the racket if it happens to come along. I know the type. Names cross my mind, but I don't know we are. Now for it—about this time I happen to have brought along a revolver."

He crept through the hedge and crouching behind it ran to the spot where they had found the open trapdoor upon that memorable occasion three nights before. There was nothing to be seen. The ground presented an absolutely unbroken appearance, so far as they could make out in the moon's rays.

"Clever devil!" snapped out Cleek, in angry tribute. "We'll have to use artificial light after all; but keep your torch on the ground. It won't do for any one to spot us just now."

For perhaps a moment or two they explored the ground inch by inch, crawling round in the long grass upon their hands and knees, until a little tuft of brown earth sticking up through a piece of turf like the upturned corner of a rug showed them what they were looking for. With infinite care Cleek lifted up the square of turf and set it upon one side. The night, as then, showed the iron ring once more in his hands, swung the top upward and laid it back upon the grass.

A minute more found them once more in the cavernous, breathless depths. Cleek handed the torch to Dollops.

"You hold that while I do a bit of sketching," he said, fidgeting in his coat-pocket for his fountain-pen. He then snapped open the flap of the notebook and began to sketch rapidly as they moved forward. Cleek was an adept in drawing to scale. The thing took shape as they continued their progress, keeping this time to the left instead of to the right. Cleek paced off the distance and stopped every now and then to check up results.

The place was as silent as the grave. Obviously no one was about here upon these nights when there was no loading and unloading going on. In that, at least, chance had

been a good friend to them. They were going to make the most of it. Through little runways narrower than the main route, and so low that they had to bend their necks to get along in safety, they went, measuring and examining. Every few yards or so they would come upon another little niche, stacked high with sacks of a similar hardness to those back there at the beginning of their journey. Cleek prodded one with his finger hesitated, then slipping out a penknife, slit a fragment of the coarse sack and inserted his thumb.

He pulled it out with a look of astonishment upon his face. "Hello, hello!" he exclaimed. "So that's it, is it? Gad! This is the approved hiding-place! Then those tubs—Dollops, just a little more of this wearisome search, just a few more telephone calls to be made, and I believe I shall have untied at least one part of this strange riddle. And when that knot is unfasted, it will surely lead me to the rest. Go on, boy."

They went on, stepping carefully, and hesitating now and again to listen for any sound of alien footsteps. But the place might have been the grave for any sign of human habitation that there was. They had it to themselves that night, and made the most of it.

For some time they walked, on taking the road that most appealed to them, and in the maze must surely have retraced their own footsteps. Of a sudden, however, they broke into a sort of rough stone passage, with a concrete floor that ran on for a few yards and ended at a flight of well-made stone steps, above which was a square of polished oak, worn, eaten, heavily-carved, and surely not of this generation's make or structure.

"Now, what the dickens. . . . ?" began Cleek, and stopped.

Dollops surveyed it with his head on one side.

"Seems ter me, sir," he began, after a pause, "that this yer's the genuine article. 'One of them old passages what people like King Charles and Bloody Mary an' a few other of them celebrities you sees at Madame Tussard's any day in the week, used to 'ide in when things were a-gettin' 'ot fer 'em. That's what this is."

(To Be Continued.)

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! You druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

ONE HUNDRED PER CENT. CLUB ORGANIZED

Six New Members Added Last Night; Will Not Conflict With Other Clubs

T. W. C. Hawkins presided at a meeting of the One Hundred Per Cent. Club, held in the room of the Chamber of Commerce last night. Plans for the organization of the local unit were furthered. It was decided to rule that no one would be eligible for membership in the club, who was already a member of any other existing organization, of a nature that would militate against him belonging to both.

The One Hundred Per Cent. Club gained six new members last night, and is in the field for membership from business and professional classes, one of each business. It is a business organization, bonded together for mutual understanding in business. Major T. B. Monk, B. C. Permanent Loan Building, is the honorary secretary, and all information may be obtained from him.

HELD MERRY CONCERT

Young People's Society of Knox Church Entertain.

The Young People's Society of Knox Church was last night hosts to a large gathering of friends on the occasion of a grand concert staged by the members of the society. Rev. S. J. Drake, Oak Bay, presided, a large gathering being on hand for the entertainment, which was held in the church buildings.

Mr. Farrington, organist of the church, supplied able accompaniment for the vocal and instrumental numbers of the evening. Great credit is due to Miss McPherson, her committee, who arranged the affair.

A large number of artists assisted including: Miss Alma Peatt, Miss Margaret McDonald, Miss M. W. Kinison, Miss B. Campbell, Miss E. Frey, Mrs. W. A. Jameson, Miss A. Mathews, Mrs. Donald, with Messrs. W. McGregor, E. Jones, J. McNeil, H. Bassett, with some excellent shadow work by the Knox Tillmans contributed much to the enjoyable entertainment.

CUNARD OFFICIAL DENIES STORIES OF IMMIGRANT HORDES

Company Has Now Practically Absorbed German Baltic Trade

"I saw no sign of the wholesale concentration of immigrants so persistently reported from time to time in our newspapers," said William B. Nelson, manager of the immigrant passenger traffic of the Cunard Anchor and Anchor Donaldson Lines, who has just returned from a two months tour of inspection of European ports for his company. "I visited every embarkation centre in Eastern, Central and Western Europe, covering Great Britain, Scandinavia and such emigration concentration centres as Paris, Berlin, Prague and Warsaw, besides the ports of Cherbourg, Antwerp, Rotterdam, Hamburg and Danzig, to make a study of conditions on the spot, and in not one of these ports was there any sign of the great emigrant rush about which there is so much newspaper talk in this country. Of course everywhere people want to get to America, but they do not want to come in hordes, or even in crowds of any size.

Traffic conditions in the countries I visited were excellent in general, with the exception of Poland, where war conditions still prevail and where more than half of the country's rolling stock is required for other purposes than passenger traffic. To circumvent this, however, the Cunard and Anchor Lines have obtained special trains weekly for their passengers provided with couriers to assist passengers through the various Customs Control Stations en route to ports of embarkation. (Considerable hardships to emigrants was reported in Poland, arising from the inadequacy of the U. S. Consular Service in Eastern Europe, the Warsaw Consulate being so deplorably overtaxed that emigrants were compelled, after breaking up their homes and

traveling hundreds of miles, to retrace their steps to their home districts and re-establish their households until the appointed date for their return to Warsaw for their U. S. visa. The establishment of the U. S. Consulates at central points, such as Lemberg and Cracow, would greatly relieve the limited facilities at the Warsaw Consulate where the situation is aggravated by the necessity for martial law limiting the stay of visitors to five days. The working capacity of the Warsaw Consulate enables only 200 persons to pass through.

Emigrant Hotels. Questioned as to sanitary precautions in foreign ports, Mr. Nelson said: "The Cunard Anchor and Anchor Donaldson Lines, co-operating with the (United States) Public Health Service, is fitting out special emigrant hotels at the various ports of embarkation with the most approved equipment for carrying out the disinfection of passengers and their baggage, supervised by their own Medical Staff, so that passengers will come forward in a condition of health and cleanliness thoroughly acceptable to the health authorities and thus avoid the likelihood of any serious detention upon arrival in U. S. Ports.

"At Rotterdam, for example, the emigrants' hotel—constructed just prior to the war by the Transatlantic Line, now absorbed by the Company—has been completely remodelled under the direction of the (U. S.) Medical Officer of that port, collaborating with the Company's representative there. Here the Company can comfortably accommodate 1,400 passengers who are catered for under the supervision of the Company's experienced Stewards.

"Similarly, he said at Libau the Company has acquired from other interests a large emigrant hotel along with other facilities which will place the Company in an enviable position to handling emigrant traffic from Russia and the Baltic States.

"The Cunard Line has opened a regular branch office at Libau, the Company now having a virtual monopoly of shipping in this important Baltic port, and is planning to open further other offices at ports on this great sea. It has also secured the majority of the passenger and freight traffic which formerly was carried in German ships from Baltic ports.

White Star Line—S. S. Olympic from Southampton and Cherbourg docked at New York Wednesday morning, April 13.

NIAGARA AT CROSS ROADS OF PACIFIC

Canadian-Australasian Liner
Is Now Expected to Make
This Port May 5

Making her first voyage to this port since the latter part of last year the Canadian Australasian liner Niagara, Captain J. T. Rolis, is driving to make Victoria as near schedule as possible.

The Niagara was posted to reach this port on May 5, but from the latest advice the steamship has been set back a couple of days, now being listed to arrive May 5. The company's agents have been notified that the Niagara passed Suva April 20, and she is now due at Honolulu. The liner has a large list of passengers, including Premier Massey of New Zealand, who is en route to England to attend the Imperial Conference.

Arriving here by the Niagara will be C. B. Jones, former Reeve of Saanich, who has been on a tour of Australia and New Zealand in the interests of the Sidney Roofing and Paper Company, with which concern he is actively identified.

Bookings for the outward trip of the Niagara have been very brisk. Her stay on this coast will be limited to four or five days, during which time she will discharge and load full cargoes of general freight, and replenish her tanks with fuel oil.

UNION SPOKESMEN STATE REDUCTION IS UNACCEPTABLE

Opinions Clash at Opening
Conference Called in Effort
to Avert Strike

Washington, April 27.—A sharp difference in opinion as to wage reductions between Rear-Admiral Benson, chairman of the United States Shipping Board, and spokesmen for the marine workers developed at the opening of a conference called by the chairman in an effort to avert a threatened strike on American steamships May 1.

Andrew Furuseth, president of the International Seamen's Union, and other spokesmen for the workers declared that a fifteen per cent wage reduction declared by Admiral Benson to be necessary was unacceptable to the unions.

Conference Adjourns. The wage conference between the Shipping Board and representatives of the marine unions and owners and operators of American steamships adjourned to-day until Friday without having reached a final conclusion. Chairman Benson, of the Board, announced that he had called the meeting Friday in a last effort to meet the situation. He said he did not recede from his announced position as to necessary wage reductions and that the workers who did not come to the meeting in a spirit of fairness must bear responsibility for what might develop.

SUIT AGAINST HOLT
LINE IS DISMISSED

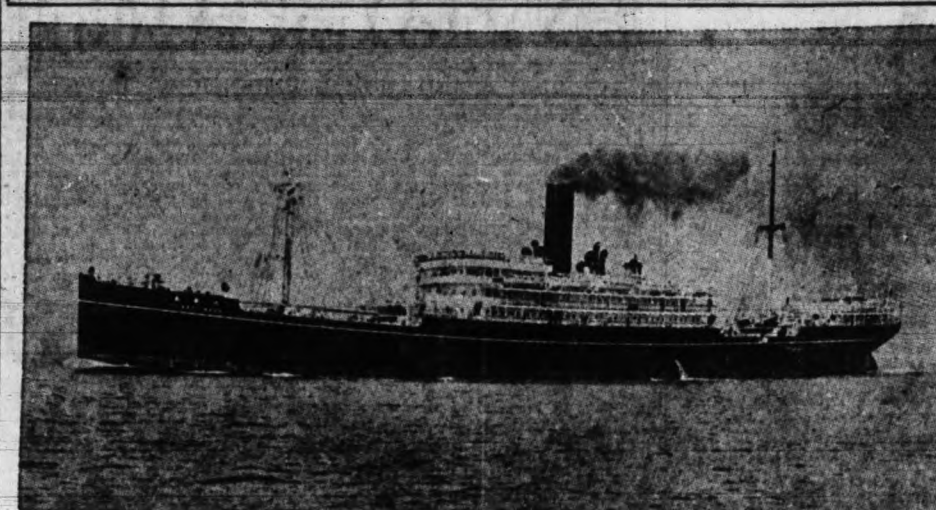

Vancouver, April 27.—In the Admiralty Court yesterday the suit of Freya against the White Star Line Company for \$5,000 damages as the result of the collision of the Tyndareus with a shingle crib last August was dismissed. It was found that the steamship kept a good lookout and that smoke concealed the crib.

In the case of the fishing boat Freya's suit for salvage for assisting another fishing boat to port the Court ruled against salvage being allowed on the ground that there was a tacit understanding that fishing boats would co-operate with each other in case of emergency.

S. S. KATORI MARU

QUEEN DUE HERE REPLACING GOVERNOR ON CALIFORNIA RUN

Capt. George Zeh Is in Command of Admiral Line Boat

Taking the schedule of the ill-fated steamship Governor, the steamship Queen, of the Pacific Steamship Co., is expected to arrive here to-morrow afternoon from San Francisco. The Queen is commanded by Captain George H. Zeh, one of the veteran shipmasters of the Admiral Line. On her return trip to California the Queen will leave Seattle at 10 a. m. Saturday, arriving here about 4 p. m. The President will continue to sail from Seattle on alternate Saturdays at 11 a. m. for San Francisco via Victoria.

Vancouver Service. Seattle, April 27.—With the sailing of the steamship Admiral Schley yesterday, the Pacific Steamship Company is inaugurating a new schedule on the part of the smaller units of the coastwise fleet on the California branch of the service, for this vessel will hereafter leave Seattle Wednesday at the noon sailing hour.

The steamship Admiral Dewey, which arrived yesterday from the South, instead of sailing on her former schedule will remain over here until Friday in a last effort to meet the situation. He said he did not recede from his announced position as to necessary wage reductions and that the workers who did not come to the meeting in a spirit of fairness must bear responsibility for what might develop.

LINER REGINA GETS AN EXTENSIVE REFIT

White Star-Dominion Passenger Boat in Hands of Builders

The large triple screw 16,600-ton steamship Regina, for the White Star-Dominion Line Canadian service, is in the hands of the builders, the Harland & Wolff, Ltd., of Belfast, Ireland, for reconditioning. The original intention was that she should be the pioneer of a new class of passenger ship, but the need which existed when she was approaching completion during the war, for cargo carrying tonnage, was such that she was immediately equipped for carrying large numbers of troops and stores, and having satisfactorily accomplished this task for the Government she has now been returned to her builders to be completed in accordance with the original design. The alterations and additions involved are considerable. All temporary cabins used for housing troops have been removed, public rooms and extensive promenades have been substituted, and she is to emerge a splendid specimen of the "cabin and class" type. She will have accommodation for 2,300 passengers, 600 cabin and 1,700 third class. For cabin passengers there will be a large dining saloon extending the whole width of the middle deck, a smoking room and a decorated reading and writing room, whose furnishings and embellishments will be in perfect harmony with the present tendency toward simplicity and dignity of design. The third class accommodations will include three commodious dining saloons, a general smoking room, and a barber's shop. The idea has been to embody in the color scheme for the several public rooms yet to preserve a harmonious whole.

TYNDAREUS DUE TO-MORROW NIGHT

The Blue Funnel liner Tyndareus reported to the Estevan station early this morning that she would arrive at William Head to-morrow night.

CHARGES HEARD AGAINST MATE

Third Officer Arne Hage, of Governor, Appears Before Inspectors

Seattle, April 27.—Hearing on charges against Arne Hage, third mate of the steamship Governor in connection with the sinking of that vessel April 4 with the resulting loss of eight lives, was begun before the local board of the United States Coast Guard inspection service here this afternoon.

The hearing was originally set for last Monday, but was postponed because of the failure of witnesses to appear.

Hage, Pilot Harry Marden and Second Mate Ernest Kellenberger of the Governor, were charged with responsibility for the wreck through inattention to the duties of their stations. Dates for hearings on the charges against Marden and Kellenberger have not been set.

KATORI MAKING PORT TO-MORROW

N. Y. K. Ship Expected to Arrive in the Afternoon

W. R. Dale, local agent for the Great Northern Railway, has been advised by wireless that the Nippon Yusen Kaisha liner Katori Maru will make port to-morrow afternoon.

Among the liner's passengers is Henry M. White, commissioner of immigration at Seattle, who has been on a mission to Manila and other Oriental ports for the United States Government.

Another passenger is Professor H. Katayama, an instructor at the Imperial Japanese Naval Officers' College, and Professor of Foreign Languages at Tokyo.

Professor Katayama is en route to London on a mission for the Japanese Government.

The Katori Maru has 300 passengers in all classes.

Her cargo includes a valuable shipment of raw silk destined for the Eastern market.

PRINCESS ALICE LEAVING TO-NIGHT FOR ALASKA PORTS

Vice-President Coleman and Party Leaving by Steamship For Skagway

On her first trip to Alaska this season the Canadian Pacific Railway steamship Princess Alice will get away from Vancouver to-night for Skagway.

She has a full list of passengers booked for the trip and among those aboard will be D. C. Coleman, vice-president Western lines and party, and Captain C. D. Neroutos, marine superintendent.

The Princess Alice is replacing the steamship Princess Mary, which is now operating in the night service between this port and Vancouver. The Princess Mary is shortly due to inaugurate her summer schedule out of this port to the Gulf Islands May 2. She will leave Victoria Mondays, Wednesdays, Thursdays and Saturdays.

The steamer Princess Beatrice, which arrived in port yesterday from the West Coast, is due to make another voyage on the route, sailing May 1 for Port Alice and way points. The steel transfer barge No. 8, built by the Harbor Marine Company, for the Canadian Pacific Railway, is now in regular commission, plying between Vancouver and Nanaimo in tow of the tug Qualicum.

In speaking of the transfer barge to-day Captain Neroutos stated that she was "most satisfactory." The capacity of the transfer is eighteen cars.

CANADIAN WINNER GOES TO SEATTLE

Victoria-built Ship From Australasia Due Port Townsend on Friday

The Canadian Government Merchant Marine, first of the two 8,100-tonners built by the Harbor Marine Company here for the Government, is due to leave Victoria to-morrow night for Seattle to discharge her wool cargo.

Captain Walter Wingate, master of the Canadian Winner, at 8 o'clock last night reported his position as 500 miles southwest of Cape Flattery, and informed the agents that he expected to bring his ship to Port Townsend at 7 o'clock Friday morning.

The Canadian Winner is completing her initial round trip to Australasia. She was among the numerous vessels delayed in Australasian waters by labor troubles.

After discharging at Seattle the freighter will shift to Vancouver, and it is likely that she will come to Esquimalt for drydocking before she sets out on her next offshore voyage.

The Canadian Milk Products Co. plant at Hickson will re-open on May 2.

Day Steamer to Seattle THIS SS. SOLDUC

Leaves C. P. R. wharf daily except Sunday at 10.15 a. m. for Port Angeles, Dungeness, Port Williams, Port Townsend and Seattle, arriving Seattle 6.45 p. m. Returning, leaves Seattle daily at midnight, arriving Victoria 9.30 a. m.

Took Only Course.—The Saanich Council, with evident regret, last night ordered received and filed an appeal from W. P. Tilly for aid in payment of the hospital bill for his little girl, who was recently hurt by an automobile passing the North Dairy School on Quadra Street. It was felt that Council could not set a precedent, and also strongly held that the driver of the automobile, although not considered by the Council, should be the person to meet the bill.

BRIEF LOCALS

Gold of Health.—Rev. T. E. Rowe will lecture in Christ Church Cathedral this evening at 8 o'clock.

Roof Fire.—A roof fire occurred at 22 Government Street yesterday afternoon shortly after four o'clock, and was extinguished by the fire department.

Ratepayers' Meeting.—A meeting of the Ward Seven, Saanich, Ratepayers' Association will be held at Tillam School this evening. Daylight saving, and other matters will be discussed.

To Show Movies.—Moving pictures will be shown this evening at 7:30 o'clock in Lansford Hall in aid of the Colwood branch of the Victorian Order of Nurses. The films will include a drama and a comedy.

Navy League Chapter.—On Friday afternoon a silver tea and sale of home cooking will be held at the residence of Mrs. Gordon Smith, 111 Medina Street, under the auspices of the Navy League Chapter, L.O.E. A delightful musical programme will also be carried out during the afternoon.

Income Tax Forms Exhausted.—Such was the demand for Federal Income Tax forms at the Post Office yesterday that the supply was exhausted. A further supply probably will arrive here to-day or to-morrow. The forms must be returned to the proper authorities by April 30, accompanied by one-quarter of what the taxpayer estimates to be his or her proper tax.

Dramatic Society to Meet.—The Victoria Dramatic Operative Society will meet to-night in the Oak Bay Theatre, the new home of the organization, where important alterations have been carried out. The conveners of the entertainment which will follow the business session are: Miss Wyles and Messrs. Cobbett, Armbrister and Bryson.

In County Court.—The suit of Payne and others versus the Vancouver Pile Company, was opened in the County Court to-day before His Honor Judge Lammiman. M. B. Jackson, K.C., is appearing for the plaintiffs, and Mr. Condy, Vancouver, for the defendant. The action is one for recovery of the balance of an account alleged to be due.

"The Holy City."—Gaul's fine cantata "The Holy City" will be presented at St. Andrew's Presbyterian Church on Tuesday evening, May 3, with an augmented choir of sixty voices. The soloists will include Mrs. Bertram Mayell, soprano; Mrs. Robert Baird, contralto; J. O. Dunford, tenor; and Guy Mitchell, bass, with Miss Barfoot as harp soloist.

Dramatic Society to Meet.—The regular monthly meeting of the Victoria Dramatic Operative and Dramatic Society will be held this evening at 8:15 at the Oak Bay Theatre, which has been recently acquired by the Club and suit to suit its requirements. A programme of entertainment will follow the business session and Messrs. Cobbett, Armbrister and Bryson and Miss Wyles are the conveners in charge of the programme.

Missionary Meeting.—A missionary meeting was held yesterday afternoon by the ladies of the First Congregational Church at the home of Mrs. W. Scowcroft, 1034 Queen's Avenue, Rev. William Spence presiding. H. G. Beall, Y. M. C. A. physical instructor, who recently returned from four years' service in India, gave an interesting talk on conditions in India.

Langford Women's Institute.—The regular monthly meeting of the Langford Women's Institute was held Tuesday afternoon in the Assembly Hall, Mrs. Wade, vice-president, in the chair. After the regular routine of business, Mrs. Godman spoke on "Women's Institute Work in England." Her lecture was well appreciated. Following was the election of Mrs. Sloan as president in place of Mrs. Godman. She had sent her resignation. After the meeting was adjourned tea was served. Mrs. Sloan and Miss Thom being the hostesses.

New Agent Appointed.—Arthur H. Kerr replaces Sidney Sutton as local representative for the Remington Typewriter Company. It was announced yesterday. Mr. Sutton is leaving for Vancouver, where he is to enter into business for himself. The headquarters of the company are now located in the Belmont House, Humboldt Street. Mr. Kerr served with distinction overseas for a long term with the Queen's University contingent, in the C. F. A., and was for some time assistant secretary of the Vancouver Board of Trade upon his return. He has had a wide business experience, and is well known in Gyro club circles in this province.

 Central Building Phone 675 View and Broad Streets

False Alarm.—Smoke issuing from the Columbia Theatre brought the Fire Department to the scene shortly before eight o'clock last night, but was discovered that no fire had broken out.

Suit Is Threatened.—Bowker Creek is once more the cause of threats of litigation against Saanich, as Mrs. E. C. Scade, of Unit Street, Victoria, last night notified the council that her home had been damaged during last February's floods. The matter will be referred to the municipal solicitors, with instructions to defend any suit.

Use Home Products.—The Saanich Council last night decided to refuse to take the new light into the municipal system until the light is at the right height without further cost above the original estimate.

Make Grant for Fair.—The Saanich Council last night voted \$400 to the North and South Saanich Agricultural Society, as a subsidy for the annual exhibition. This grant was made up by a contribution of \$100 from the general funds. Wards Five and Six grant \$100 each, and Wards One and Three donate \$50 each. Wards Two, Four and Seven do not contribute, as they each provide \$100 towards their respective gardeners' Ward Associations.

Want Another Member.—Councillor Brooker last night suggested to the Saanich Council that Councillor Kingwell should be placed upon the Joint Beaches and Parks Committee as representing a ward with much kinsman Royal. Councillor Brooker remarked he was quite willing to resign and so create a vacancy, but this not being Councillor Brooker's intention, the membership could not be widened. Councillor Kingwell queried "Isn't this new business?" and Reeve Watson retorted "It is no business at all."

Fairfield Methodists.—A very successful concert was held last night in aid of Fairfield Methodist Church, at which there was a good attendance. The Emmanuel orchestra and Emmanuel male choir took part. Among those contributing to the programme were Miss Dorothy Dorel, Miss Switzer, Miss Robins, Messrs. E. G. Marriott, G. Murphy, F. L. Tupman, J. W. Butler and Nathan Collins. The play, "The Scheme That Failed," was greatly enjoyed, the following taking part: Miss Hilda Whiteley, Miss E. M. Kidd, Miss A. Baxter, Sam Morish and E. Dyson. E. G. Marriott presided in a most capable manner.

Girls' Corner Club.—The club will meet on Thursday in the club rooms, L. O. F. Hall, Douglas Street, where a hot supper will be served at 6:15 p. m. for girls and young women. New comers to the city will be especially welcome and girls leaving business early can take advantage of the comfortable rest room provided by the club. After supper there will be singing by the club and Miss L. M. Smith will give one of her talks to girls, the subject being "The Victorious Life." Miss L. M. Smith has spoken on former occasions and always to an appreciative audience. A full attendance is expected.

C.P.R. DANCE WILL BE NOTABLE EVENT

Social Club Holds Initial Event at Empress on Friday Night

The initial dance arranged by the Victoria Social and Athletic Club to be held at the Empress Hotel on Friday night promises to be a most successful affair.

The Club, recently formed by Canadian Pacific Railway employees, embracing all branches of the transportation organization in the city, already has a large membership, and the "get together" organization holds every promise of an active future.

The inaugural dance will be held in the ballroom of the Empress Hotel, and special dance music is being arranged by Lou Turner, leader of the Empress orchestra, for the occasion. The Palm Room will be available for the event, and card tables will be provided for those who do not care to dance. The Empress Hotel staff is preparing a buffet supper, which also will be served in the Palm Room.

The dance committee is composed of James Phillips, Empress Hotel; C. Griffiths, E. & N. Railway; and Miss M. D. H. Frank, Dominion Express. The dance will be informal, and dancing will be indulged in from 9 to 11 o'clock.

Tickets can be obtained from James Phillips, Empress Hotel; Miss Frank, Dominion Express Office, Government Street, or at the C. P. R. wharf ticket office.

MISSION AUXILIARY OF METROPOLITAN CHURCH IN ANNUAL SESSION

The annual meeting of Metropolitan Methodist Women's Missionary Auxiliary was held in the schoolroom of the church on Monday afternoon. There was a good attendance of members, Mrs. Sippell, the pastor's wife, president of B. C. branch of Women's Missionary Society of the Methodist Church of Canada, presiding in the unavoidable absence of Mrs. Whiteley from the city.

After the opening prayer and exercises, all officers' reports for the year were read and adopted. These showed a great deal of earnest effort and progress. The treasurer's report was very gratifying, showing a balance of \$1,188.

During the afternoon Mrs. Bell rendered a vocal solo, accompanied by Mrs. Koyl. Officers for the ensuing year were then elected, after which the meeting closed with prayer and benediction.

Judgment Given.—Judgment for plaintiff in the sum of \$119 and costs was given yesterday by His Honor Judge Lammiman in the County Court suit of Walls vs. McIlroy. R. C. Lowe appeared for plaintiff, and Frank Higgins, K. C., for defendant. The action was one for damages arising out of a motor collision at Quadra Street and Hillside Avenue, last year.

Sixteenth Battalion.—An important parade of the Sixteenth Battalion, Canadian Scottish, will be held to-morrow night at the Drill Hall. It is hoped that there will be as large an attendance as possible, as questions regarding disposition of pay will be considered. Major J. Rochfort will also deliver an interesting lecture. In future, parades of the battalion on Tuesdays will be cancelled, and the battalion will parade only on Thursdays of each week, until further notice.

Times Latest Sporting News

Four Players Are Cut Off From Club To-day

McAlpine, Marshall, Thornstorm and Anderson Turned Loose by Manager Blankenship—Four Other Players to Report in This Week

Cliff Blankenship, manager of the Victoria ball team, has started to weed his pruning-knife. Last night he burned the midnight oil in an effort to decide which players he would turn out on the cold world. After running over his roster, Cliff figured that McAlpine, Marshall, Thornstorm and O. E. Anderson were not strong enough to hold up in this league, and to-day he handed them blue envelopes.

Blankenship has had in the neighborhood of 25 players trying out for positions on the team, and he has four more athletes due to arrive in town this week. Cliff has given every man a fair chance to show something, and in view of the excellent work displayed by some of the players he decided to start in to cut down at once.

McAlpine Not Good Enough. McAlpine tried hard to land a berth at second, but he could not handle the ground balls fast enough. He did not show much at the bat. With two men like Church and Lacey working out for this place Blankenship decided to let McAlpine go.

Marshall proved to be a very fast outfielder, but showed nothing with the stick, and in view of the wealth of material available for the garden, Blankenship thought that Marshall was not good enough for this league.

Thornstorm is an infielder. He played amateur ball here a couple of years ago. He had very little to recommend him for serious consideration in pro company.

Anderson is a Tacoma boy, who tried to gain a reputation as a twirler. He is a southpaw, but lacks control, and does not possess any unusual amount of stuff.

Other Players to Go. Other players will be cut when the end of the week. Adrift before the team, the players who were cut for the opening game, Manager Blankenship will carry about 18 players. This number will be reduced later to fourteen in order to conform with the rules of the league.

Arrangements have been completed for two ball games in Port Angeles on Saturday and Sunday between the Capitals and the ball-tossers of that town. The Angelites have always prided themselves on having a cracking good team, and they like to hook up with local clubs whenever possible. Last week one of the officials from Port Angeles came over and arranged with Manager Blankenship for the games this week-end. This series will give Cliff a good chance to look over his players.

On Friday afternoon the last exhibition game of the training season will be staged at the Stadium, when the Capitals tangle with the Edmonton Club, of the Western Canada League. The locals are picked to grab this game from the visitors. The Capitals are now in fairly good shape. They have several pitchers who can speed along over the entire route, and all the infielders and outfielders have their arms and legs in fine shape. The batting eyes are not keyed up yet, but they will improve as the season progresses.

Yesterday afternoon the Regulars handed a decisive trimming to the Yankinians at the Stadium. Eastern, who twirled for the Regulars and Washington, who was on the mound for the Yankinians, showed mid-season form. This pair with Lefty Lawson, is prepared to jump into a game at any time and stick the distance.

Hansen and Wallace, the two Coast League pitchers, are on the bench. Lefty Lawson, who twirled for the Regulars, is on the bench. Both men are in good shape, having been working out with the Coast League teams for several

weeks. Jimmy Church will also be reporting within a few days.

Manager Blankenship has received no word as yet from Catcher Anfinson, of the "Frisco club, will report. Anfinson would have been here last week had not the two regular catchers of the "Frisco club sustained an injury. Anfinson had to do all the work behind the bat for two weeks. Agnew is back in harness again, but just when Charley Graham will send Anfinson North is not known.

Blankenship is not worrying much as he figures that Tony Rego is about as classy as anything in the catching game in this circuit. Rego looks good both as a hitter and receiver.

Ruth Cheered on Paying Fine For Revealing Speed

New York, April 27.—"Babe" Ruth was fined \$25 in traffic court to-day for driving his automobile up Broadway last week at twenty-seven miles an hour.

Half an hour before court opened a crowd had gathered to see the baseball star. After "Babe" had fumbled his cap nervously, admitted he was sorry and paid the lowest fine the court could impose, the crowd cheered.

USED TWENTY-THREE MEN TO BEAT TIGERS

Tris Speaker Used Three Batting Orders in Yesterday's Game

Cleveland, Ohio, April 27.—Tris Speaker, manager of the Cleveland Indians, can use three shifts of bat- ters to overcome a strategy of opposing managers who desire to switch their pitchers to make Speaker change his lineup. This was demonstrated yesterday.

Speaker figured Cobb planned to switch his right and left-handed pitchers, like he did Monday. Speaker thereupon sent Ernest Jeanes and Louis Gajolet, right-handed batters, to right field and first base respectively, and Jack Graney to left.

Another Switch. Later he replaced Jeanes, Guisto and Graney with Wood, Burns and Evans, all right-handers. When Ehmske, a right-hander relieved Cole on the mound, Speaker sent Smith to right field and Tex Johnston to first base and used Jamieson, who had been playing left field, when a right handed pitcher worked for the opposition team, as a pinch hitter.

The only men in uniform whom Speaker did not use in yesterday's game were Pitchers Coveleskie, Mails and Pott, and Infielder Wagner. Speaker, Stephenson, planned and Gardner were the only Indians to play throughout the game.

COMMANDER ROSS HAS SETTLED WITH BEDWELL

New York, April 27.—(Canadian Press)—A special to The World from Havre de Grace says:

"It is reported here that Commander Ross, the Montreal turfman, has settled in full the contract terms with his former trainer, H. Guy Bedwell, and that the latter is no longer in his employ. It is stated on good authority that with the settlement came the agreed intention of Commander Ross to cut all ties between them. With that object in view, he will withdraw his notification to the racing commission that Bedwell is his agent. Another agent for the Ross stable will be appointed before the Pimlico meeting."

CADDOCK TOSSES CARDINI

Boston, April 27.—Earl Caddock defeated Renato Cardini here last night in a light heavyweight wrestling match, in one hour and 46 minutes with a body and croch hold.

Mets Going to Vancouver For Replay With Saints

Vancouver, April 27.—Metropolis football team, of Victoria, and St. Andrew's, of Vancouver, were last night ordered by the B. C. P. F. A. executive to replay last Saturday's tie game in the semi-final for the McBride Shield, in Vancouver on Saturday next. The game will be played at Athletic Park at 5 o'clock. In the game last Saturday at Victoria both teams scored three goals and thirty minutes extra time failed to break the tie.

Little hope was entertained here that the B. C. P. F. A. would decide to hold the replay in Victoria. The Mets would have welcomed an announcement to that effect, but they are quite prepared to meet the Saints and meet the St. Andrew's eleven. The local champions will take over the strongest team they can collect. The Mets are quite confident that

Invited Prince of Wales to Attend Heavyweight Bout

New York, April 27.—The Prince of Wales and Lord Lansdale, head of the National Sporting Club of London, have been invited. It was announced to-day, to attend the Dempsey-Carpenter fight as guests of Tex Rickard, promoter. A letter was mailed to Lord Lansdale yesterday and through him the invitation is tendered the Prince.

Favors Carpenter. New York, April 27.—I look to see Carpenter fight Dempsey an awful battle.

So says George H. ("Kid") Lavigne, who was known as the "giant killer" twenty years ago, and now lives in Detroit, where he is employed at the Ford auto plant.

The opinion of this once great batter is very interesting. He knows what he is talking about. "But let him tell it: 'I've settled down. My fighting days are over, but I'll never cease to love the game. Dempsey is a wonderful fighter—but no one knows how much he can take. He may whip Carpenter, but I look to see the Frenchman give him an awful battle. I met Carpenter in France. He's the goods. I wouldn't be a bit surprised, either, if he 'K' O'd Dempsey. He's lighter than Dempsey and only a few years ago was battling feathery, but mark my word, he'll surprise everyone by the great showing he'll make. And I know that Carpenter feels sure he can whip Dempsey."

Jack Can Beat Jack. "If Willard and Dempsey ever fight again I look to see Willard beat him. I saw the fight at Toledo. Willard didn't train. He held Dempsey too cheap. But if they meet again I'll string with Willard. He'll beat him sure."

"I want to tell you that Jeffries was doped when he fought Johnson. Johnson might have beat him, but I didn't bar any of 'em, color or weight."

WITHIN THE GOLF CIRCLE

Big Cup For U. S. Club.

The Uplands, Ltd., has informed the United States Golf Club that it will present a handsome cup for a club championship to be played at the new links adjacent to the Uplands. This competition will not be staged for some time, owing to the fact that the new course has not been started, but as soon as the links are ready the trophy will be on hand for competition.

At the meeting of the U. S. Club last night, the secretary announced that the waiting list had grown greatly of late. At present there were 150 names on the list, and the waiting list for membership from 53 ladies was 18.

Jimmy Wilde a Gaffer.

London, April 27.—Jimmy Wilde will retire from the secretaryship of golf. The great little Welshman recently told friends that he had heartily tired of the rigors of training, and inasmuch as he felt that it was high time to call a halt. In hinting that he was going to leave the ring for good, Wilde said that he would like nothing better than a few leisure years at golf. Wilde has always been an ardent golfer. He likes the quiet life and the fairways of his own coun-

ATHLETES GATHERING FOR BIG SPORTS MEET

Philadelphia, April 27.—The vanguard of the 3,000 athletes who are to compete in the University of Pennsylvania relay carnival Friday and Saturday, arrived to-day. Among the stars were Jennie of Washington, Jenne, Pacific coast collegiate record-holder at pole vaulting, has made 13 feet 1 1/2 inches in practice.

THIS BABY SURE HAS A BEAUTIFUL WHIP

New York, April 27.—To-day's nomination for baseball's hall of fame is a female pitcher, who twirled a "hit" game. Miss Victoria Flessa, of the Passaic, N. J. public school No. 12, yesterday struck out twenty batters in one hour and 46 minutes with a body and croch hold.

HOREMANS BEAT SUTTON

Milwaukee, Wis., April 27.—Ed-guard, Belgian cue wonder, defeated George Sutton, of Chicago, 400 to 237 in their 15.2 balling billiard match here last night.

Alberta Fans Are Down On Questionable Hockey

WASHINGTON RALLIED AND OVERTOOK YANKS

Rice Pulls Off Sensational Work With Willow; Brooklyn Won Good One

New York, April 27.—Sensational play of Sam Rice, Washington's centerfielder, enabled Washington to defeat New York again yesterday 5 to 4. Rice hit a home run, a double and two singles, his home run driving in Washington's winning run in the sixth inning. Score: R. H. E. Washington 5 1 3 New York 4 8 8 Batteries—Schacht, Acosta and Gharriy; Quinn, Collins, Hoyt and Schanz.

Raised a Pennant.

Cleveland, O., April 27.—Cleveland defeated Detroit 5 to 3 yesterday. Prior to the game the American League pennant, Cleveland's first in forty-five years of professional baseball, was raised with appropriate ceremonies. The score: R. H. E. Cleveland 5 1 4 Detroit 3 8 8 Batteries—Cole, Ehmke, Oldham and Bessler; Caldwell, Clark, Petty, Morton, Bagby and O'Neill, Nunnemaker.

Shocker Goes Well.

Chicago, April 27.—Shocker held the White Sox to six well scattered hits in the third and seventh frames to defeat the White Sox, 3 to 1. Kers went the distance for the White Sox and allowed the Browns eight hits, which were fairly well scattered. The score: R. H. E. Chicago 3 1 1 St. Louis 8 8 2

Athletics Win in Ninth.

Boston, April 27.—Staging a ninth-inning rally, the Athletics beat out the Red Sox, 2 to 1. Witt started the final inning with a double to right. Pratt dropped Dugan's fly, Witt reaching third. Walker struck out. Perkins singled center, scoring Witt and Dugan with the winning runs.

National League.

Brooklyn, N. Y., April 27.—Sensational fielding by the Dodgers enabled them to make it two straight over the Giants here yesterday, 3 to 1. Wheat, Myers, Johnston and Kil-duff entered in plays that robbed the New York batsmen of apparently safe hits. Tommy Griffith, Brooklyn right fielder, hit a home run in the eighth inning. The Dodgers made two runs to eight for the Giants. The score: R. H. E. New York 1 8 1 Brooklyn 3 11 7 Batteries—Toney and Snyder; Smith and Miller.

Reds Won in Seventh.

Cincinnati, O., April 27.—A sure fire barrage of long swats off Pitchers Freeman and Bailey pulled Cincinnati out from behind in the seventh inning of yesterday's game and gave the Ohioans a 5 to 3 victory over the Cubs.

The Cubs got off to a good start when Flick started a swatting with a single. Hollocher backed him up with a double. Grimes beat out a slow one and Maisel and Barber delivered singles for the Cubs' tallies.

Lots of Slugging.

Philadelphia, April 27.—Boston and the Phillies went on a batting spree here yesterday afternoon, with the visitors emerging victors, 10 to 6. The score: R. H. E. Philadelphia 10 14 2 Boston 6 15 6 Batteries—McQuillan, Betts and O'Neill; Hubbell, Weirnet, Smith and Bruggy.

Coast League.

At Seattle—R. H. E. Salt Lake 2 6 3 Seattle 5 9 3 Batteries—Thuston and Byler; Jacobs and Adams. At Los Angeles—R. H. E. "Big Four" Must Turn Pro Next Winter If It Wishes to Operate—Supporters Disgusted With Last Year's Operations

Calgary, April 27.—Hockey devotees ceased to become enthused over the sport in this province after the disastrous collapse of the Big Four last winter. Next season, it will be necessary to connect the game on a more satisfactory basis if the promoters expect to gain the support of the public. It is the general opinion among fans in this province that professional hockey is due for a trial run of one year at least. Alberta sportsmen have been following with considerable interest the development along these lines in Manitoba and Saskatchewan. Important cities in both provinces have openly declared that they are prepared to operate pro clubs, and it is safe enough to line Calgary up in the same category.

Last Winter the Big Four had a rough voyage. The league was subjected to an early attack on account of its shady amateur status, and in the end the future which resulted, the league was forced to break with the amateur union and declare itself an independent group. This proved disastrous. A constitution punctured like a strainer provided a way for a general break-up and sure enough it came. The people had supported the game earlier in the season, for the competition was close with four well-balanced clubs. Players ranking high in the estimation of professional moguls figured in the loop and might readily be holding their own with the fastest. These men should be available for a professional league in the West next season.

Expect Big Crowds. Calgary and Edmonton have good rinks and the attendance in the fore part of last winter averaged around 3,200. Several games drew crowds of 5,000, and the Calgary rink was often filled to the rafters, which means a turnout of 4,000 at least. But these were the only centers in the province ready to run into professional hockey. It is extremely doubtful if they could each support two clubs to make up a circuit, and the expense of traveling between cities of Saskatchewan and Winnipeg would make it extremely difficult for them to make ends meet. However, such a circuit is the only feasible one under the circumstances unless Moose Jaw and Saskatoon could be drawn in with Alberta, leaving Regina to link up with Brandon and Winnipeg for the eastern loop.

Other Offenders.

It is admitted by reliable authorities in other provinces that irregularities have crept in in their amateur hockey ranks. Last winter Alberta was by no means the only offending province in the Dominion, still it was quite evident that an effort was being made to force the issue of the Canadian amateur officials on the Big Four. The deception was maintained in other sections of the country, Alberta alone turning outlaw. This was not proper, but certainly not compatible with the condition which prevailed in other provinces, and was allowed to continue.

Must Be on the Square.

Hockey or no hockey, Alberta is through with any organization that attempts to deceive those upon whom it is dependent for its success. Cloaking a circuit that aims to defeat an end, known to all the sporting public to be clean and honorable, does not appeal to fair-minded fans. If it is to be professional sport, then the people want to know, and one thing they will not tolerate, and that is deceit and underhand methods. The subject of professionals, operating under the guise of amateurs

U. S. PLAYER WINS EASILY IN LONDON

London, April 27.—O. S. Cutting, American tennis player, defeated Captain Price, of England, 6-2, 6-1, in the second round of the 29th annual amateur court tennis championship of England at the Queen's Club here to-day.

TOO MUCH TO EXPECT

Mr. Hindleford appeared at his neighbour's door one evening in a towering rage and uttering fierce threats against his neighbour's dog Pongo.

Vainly the neighbour tried to explain that Pongo was only a puppy. "It belongs to Johnny," he said, "and it would break his heart if anything happened to it. I think, hopefully, 'that its manners will improve.'"

"Manners!" repeated Hindleford. "I'm not complaining of its manners, but its nature. After it had jumped all over me it bit the back of my leg."

"That's as far as it can reach," broke in Johnny, "a wounded tone. 'You don't expect a little pup like that to bite a big man like you on the neck!'"—Tit-Bits.

DEMPSEY OPENS UP SERIOUS TRAINING

Did Road Work and Boxed Eight Rounds With Sparring Partners To-day.

New York, April 27.—Champion Jack Dempsey to-day began formal training at Sugarcorn, N. J., for his match with Georges Carpentier in Jersey City, July 2. Discarding his haphazard open air play schedule, he did both road work and sparring and will hereafter work on a regular daily schedule.

Following a short walk and run on the roads about his quarters he boxed eight rounds with two of his sparring partners. In the first set-up he faced Joe Benjamin for four rounds and then met Jim Darcy for a similar distance. Kila Norfolk and other light heavyweights will join the camp in a few days.

CARR'S COMMENTS

There was an occasion when James Whistler, the famous artist, accused J. Comyns Carr, the brilliant wit, dramatist, and art critic, of making a joke at the expense of a certain friend.

"Well," replied Carr, "I can make a friend most days, but I can only make a good joke now and then."

"Ha, ha!" laughed Whistler. "I wish I had said that myself!"

"Never mind, Jimmy; you will," retorted Carr.

This illustration of Carr's wit might be followed by other stories his wife tells in "Stray Memories." The mother of a pretty young girl whom Carr has openly flattered asked him, laughing, whether his intentions were serious, to which he replied, "Serious, but not honorable, madam."

Once he was reproved by the management of a theatre for making his party laugh immoderately in the stage box at a sorely dull farcical comedy.

"Tray present my compliments to the manager," said Carr, suavely, to the attendant who had brought the message, "and assure him that we were not laughing at anything on the stage."

There was also an occasion when, while enjoying a picnic with some friends, a combative young curate, claiming to have secured the spot swarmed down upon the party with his Sunday school flock. Merrily Carr whispered, "Never mind! We'll cut him according to his cloth!"—Tit-Bits.

BATHING BEAUTIES
AT THE PANTAGESAquatic Fantasy Is Headliner
on This Week's BillThe rubber bathing suit, fashion's
latest of sensational innovations, is
here—or rather will be this afternoon
when Lottie Mayer and her bevy of
charming Sand Witches will com-
mence a week's engagement at the
Pantages Theatre, in their new
aquatic fantasy, "Beach Follies."In Chicago where Miss Mayer and
her rubbery nymphs first introduced
this latest of style creations, the rub-
ber bathing suit created a sensation
and its originator confidently believes
that they will be all the rage at Los
Angeles, Atlantic City, Miami and all
fashionable beaches this season.
Miss Mayer's mermaids are won-
derfully fair of face and figure and
attired in their rubber raiment, com-
prising rubber bathing suits, rubber
beach capes, rubber hats and rubber
shoes, they are indeed a sight of rare
grace and beauty. The gorgeously
hued bathing suits which these rubber
denizens of the deep garb themselves
in are even equipped with rubber
sashes and most clever rubber cor-
sages.Vardon and Perry became known
during the war as "The Live Wires
of the A. E. F.," although they have
been live wires in vaudeville for a
number of years. The boys present
comedy character impersonations in
music and dancing. During 1918 and
1919 they were with the American
Expeditionary Forces and their return
to vaudeville has brought them a
smashing success.Louis Hamlin and William Mack
have an act that is altogether new.
They programme it as "Two Records."
It is scheduled as one of the interest-
ing and entertaining features of the
new bill.George and Paul Hickman are two
blackface funsters who call their new
act "Darkness and Dawn." It con-
sists of original comedy chatter with
a laugh in every line.
Clifford and Bothwell in "Bits of
Art" are two artistic entertainers.
Clifford is a pianist and Bothwell
is an artist. They have com-
bined their talents in a unique way.
Engel and Marshall are stunning
girls who offer a repertoire of songs,
most of them new, of the popular
and classical type. The girls are
charming in appearance and both are
clever.On the screen will be shown the
tenth chapter of the serial photoplay,
"Double Adventure."

COLUMBIA

Leah Baird, who is starred in the
new Gibraltar Pictures production,
"Cynthia-of-the-Minute" by Louis
Joseph Vance, speaks with enthusiasm
of her latest W. W. Hodkinson re-
lease, the special attraction at the
Columbia for the last time to-day.
Miss Baird had much to do with the
selection of the Vance story for pic-
ture, having read it and urged its
availability on Arthur F. Beck,
Gibraltar's chief executive, long be-
fore anyone else had recognized the
dramatic value of the novel. Miss
Baird even wrote a synopsis of the
action and laid it before the produc-
ers with her endorsement, so keen
was she to appear in a story by that
master of melodrama. "I found in the
character of Cynthia a thrill of sym-
pathetic understanding which con-
vinced me that I could live the part,"
said Miss Baird. "Mr. Vance's heroine
is what you may call a well-bred girl,
cast by the vicissitudes of fortune into
strange places and situations. She is
compelled to match her wits and her
courage against unscrupulous plotting
of a gang that finds her quite able to
take care of herself and eventually to
frustrate their evil designs."

PRINCESS THEATRE

30c; Children, 15c; including tax.

AMUSEMENTS TO-DAY

Pantages—Vaudeville.

Princess—"Rich Man—Poor Man."

Columbia—"Cynthia of the Minute."

Variety—"The Shepherd of the Hills."

Royal—"Sowing the Wind."

Dominion—"The Gilded Lily."

Cabaret—Winter Garden.

VARIETY

Harold Bell Wright's novel has
made a great photoplay. To all lovers
of the book this is not surprising.
The story is filled with dramatic sit-
uations and scenically the magnitude
of God's own handwork is ever be-
fore the audience. The woods and
the hills always appeal to a real man
or woman, and in this play the really
great things of life are brought to
our understanding as clear as the
water from the mountain springs
which are ever before our eyes. It is
the visualization of the story of the
Ozark Mountains and their humble
dwellers. The story of the man who
took the trail that leads to the lower
ground, and the woman who found
her way to the summit plains. A story
of rough times before the coming of
railroads; the period of "hushin'
bees" and "house raising." It is a
vital play, and yet one that carries
with it a deep message. It is shown
in ten reels and forms an evening's
entertainment at the Variety Theatre.

PRINCESS

To-night at the Princess Theatre
the clever comedy drama entitled,
"Rich Man, Poor Man," will be pro-
duced by the Mildred Page Players.
As the title suggests it is full of life's
contrasts, the two extremes and all
that belongs to the opposite sides of
life will be brought into the atmos-
phere of "Rich Man, Poor Man." To-
night a large framed portrait of Miss
Page will be presented to the one
guessing nearest the correct number
of words spoken by her in "The House
of Glass" last week. Miss Page will
be seen in the lovely role of Ibsen's
"little rich girl, one time poor girl,"
whose "beautiful dream comes true."
Byron Aldern as the "poor man," a
dear lovable old soul, has a part he
will make so real that it will give just
the right touch of human appeal
needed to make the play a complete
success. Arthur Elton as the "rich
man" is the other extreme, and pro-
mises a splendid performance, having
put in much time and earnest work of
preparation. James Coots has the
role of David Varick, a decidedly like-
able young chap, who having lost his
fortune and finding himself a "poor
man," too, smiles on the dark side of
life as cheerfully as he ever did on the
bright side. The entire cast will ap-
pear to advantage in this beautiful
play."Rich Man, Poor Man" will be pre-
sented at the Princess to-night, and
the balance of the week with the usual
Saturday matinee.

ROYAL VICTORIA

Louis B. Mayer, producer of
Anita Stewart and Mildred Harris
Chaplin pictures, is a disciple of the
theory that good casts contribute
powerfully to the making of good
photoplays and he says he never fails
to make it a very special point to
secure the best artists obtainable for
every part there is in every picture
he produces. He has given eloquent
demonstration of the fact that he
practises what he preaches in the
supporting cast he chose for Anita
Stewart in her latest First National
release, "Sowing the Wind," which is
booked for showing at the Royal Vic-
toria Theatre again to-day. Includ-
ed in the list of players who co-oper-
ate to make this picture play a suc-
cess are: James Morrison, Ralph
Lewis, Myrtle Stedman, William V.
Mong, Josef Swickard, Ben Deely,
Harry Northrup, Margaret Landis
and William Clifford.

DOMINION

A brilliant new Paramount picture,
"The Gilded Lily," starring Mae Mur-
ray, will be the feature at the Dom-
inion Theatre this week. The photo-play was produced by Robert Z.
Leonard, and is the first Mr. Leon-
ard has made with Miss Murray, his
wife, under a new contract with Para-
mount.
"The Gilded Lily" is reminiscent
of the George Fitzmaurice production
of "On With the Dance," in which
Miss Murray achieved a notable suc-
cess last year. The bewitching blond
star is seen as Lillian Drake, a typi-
cal Salamander—one of those women
who can take from men and give
nothing in return—but though she
is all laughter and rouge and silk on
the exterior, her one longing is to
quit her butterfly life and become a
wife.LOS ANGELES
PHILHARMONIC
ORCHESTRA COMINGThe musical culture of a city is
measured by the artistic standard of
its orchestra, just as people are
judged according to their friends.
It is the Philharmonic Orchestra of Los
Angeles under the master-conductor
Walter Henry Rothwell that has put
Los Angeles on the musical map of
the world. The five weeks annual
Spring tour of this great organiza-
tion, will similarly enrich the musical
life of the west. Thirty-five cities
are to be visited this year while a
more extensive tour, which will
probably be of transcontinental
dimension, is already being in pre-
paration for next year.Here the Los Angeles orchestra
will play, Friday, May 6 at the Royal
Victoria Theatre. Seventy-five ar-
tists, every one of them orchestra
players of first rank, are welded into
one great musical body which has
won its place on a level with the
large orchestras of the East. This
was made possible only through plac-
ing a conductor at the head of this
organization who possessed the mus-
ical qualifications combined with a
powerfully creative mind and the
faculty of conveying his ideas to his
players. Although one of the young-
est symphonic conductors, Walter
Henry Rothwell has been acclaimed
as one of the few outstanding figures
among his colleagues of the baton.
Having startled the country about
fifteen years ago as musical directorin chief of the Savage English Grand
Opera Company, he was called to St.
Paul where he brought the symphony
orchestra such recognition that it re-
ceived invitations from many large
cities in the States and Canada for
guest concerts. Then New York
claimed the rising star conductor,
who left the metropolis only to or-
ganize the Philharmonic Orchestra
of Los Angeles, leading it to national
fame with the first season. So
striking were the results of Mr.
Rothwell's work in the West that the
baton of the National Symphony Or-
chestra was offered to him for last
Summer's Stadium season. How
much he impressed New York with
his art may be judged from the fact
that he was asked to repeat this feat
during the coming Summer. Mr.
Rothwell declined, however, in order
to give his full attention to the Los
Angeles Philharmonic whose next
season will be longer than the one
just closed in response to the great
demand for concerts in Los Angeles
and other southwestern cities.Just as the personnel of the or-
chestra includes the most eminent
instrumentalists money and the in-
centive to play in a great orchestra
could induce to settle in the West,
so the programmes presented offer a
magnificent display of worthwhile
compositions culled from the musical
literature of all countries and all
ages.THAT DRY COUGH IS
BRONCHITISIf neglected, it will weaken the
throat and perhaps reach the lungs.
Nothing surer to help you quickly
than the healing, soothing vapor of
Catarrhose. It's action is magical,
every congested spot is healed, irri-
tation is soothed away, phlegm and
secretion are cleaned out, all symp-
toms of weak throat, Catarrh, Bron-
chitis disappears. Catarrhose is a
genuine, scientific preparation. Sold
everywhere in three sizes, 25c, 50c,
and one dollar for a complete two
months' treatment. Prepared by the
Catarrhose Co., Montreal.A Georgia woman had applied for
divorce from her husband who is
under sentence to be hanged in 60
days.

FACE NEW TROUBLE IN PLAN TO CLEAN UP LOCAL CABARETS

Police Board May Run Foul of City Fathers Again

New and unexpected difficulties may be encountered by the City Police Commission in its efforts to curb law in local cabarets. Not only are differences of opinion among the Police Commissioners likely, but the Commission also may run foul of the City Council, who jealously guard all its prerogatives, and will not surrender any of its administrative rights.

The Police Commission, it is claimed, has no power to set the amount of cabaret licenses, though the fixing of license fees is one of the Commission's main plans. The City Council, it is declared, alone has the power to fix license fees, and it is expected that the Mayor and aldermen will not allow the Police Board to exercise this privilege.

"So far as I know the Commission has absolutely no power to fix license fees," Alderman George Sangster declared this morning. "Unless there has been some change in the law recently the power of fixing license fees rests with the City Council entirely."

Not First Clash.

If the Council and Commission

clash on the license question it will not be their first disagreement. The Council is not very enthusiastic about some of the Commission's plans, and already has held up one of the Commission's projects. It will be recalled that a majority of the Police Commission recently decided to make certain alterations in the city jail, so as to do away with what Commissioner Dr. Hall called a "sanitary outrage." Mayor Porter stepped in and effectively blocked this move by pointing out that the City Council alone had control of the police building.

Again, the Police Commission wanted the City Council to frame regulations which would abolish the present objectionable barricades and partitions in Chinatown. The Council asked its officials to report on the matter. The report said that the "chief responsibility" in the matter rested with the police force. That appears to have held up the Commission's Chinatown plans.

The Police Commission will meet tomorrow night to consider the cabaret situation, and cabaret owners will be present so that the Commissioners can consult them. It is at this meeting that Commissioner Joseph North will advance his proposals for keeping unescorted women and liquor out of cabarets.

It is feared now that Mr. North's plan to create a "Dry Squad" of special police to enforce the new liquor law may not mature because there is no money in the annual police estimates for this purpose. It is understood, however, that Mr. North has no intention of dropping the project.

A PROBLEM

"What a nice letter, Mrs. Smith," said the visitor as she handed back to the proud old woman, the letter just received from the old lady's son. "And the present of sending you sounds awfully good. But what will you do with a striped kimono?"

"Well you may ask, miss," exclaimed Mrs. Smith in despair. "I dunno, I'm sure. I s'pose I can chain it up in the yard or keep it the pigsty. But what I'll feed it on goodness only knows."

Lecture on School Libraries.—Miss Helen Stewart, City Librarian, lectured on school libraries before the Parent-Teachers' Association of the Margaret Jenkins School last night.

C.P.R. Has Money Ready To Test Mineral Riches

The Canadian Pacific Railway and its subsidiary, the Consolidated Mining and Smelting Co., have appropriated a large sum of money with which to investigate the mineral wealth and production possibilities of the Esquimalt and Nanaimo Railway mineral belt of Vancouver Island. D. C. Coleman, vice-president of the Canadian Pacific Railway, told the Hon. William Sloan, Minister of Mines, to-day. Mr. Coleman was introduced to the Minister of Mines by the Hon. J. H. King, Minister of Public Works.

Engineers will be engaged to inspect all prospects that have not passed out of the hands of the company and geologists will make reconnaissance of the mineralized zones of this area of over 2,000,000 acres.

WORK OF THE CHAMBER OF COMMERCE

Gordon Scott, managing secretary of the Chamber of Commerce, is in Port Angeles to-day making preliminary arrangements for the excursion which the Chamber will hold to that city on Wednesday, May 13. The members are looking forward with keen pleasure to the excursion as it will have educational and business advantages as well as serving to get the members of the Chamber better acquainted.

The meeting of the Memorial Avenue Committee, which was to have been held this afternoon, has been put off until Friday afternoon, when the estimates of the cost of the scheme will be available.

When the Committee on Committees meets on Friday afternoon at 4:30 the personnel of the Canadian Highway Committee will be announced. This is an important matter which will receive close attention of the Chamber of Commerce. The fight for a Canadian National Highway has been waged for years, and the Chamber will co-operate with the Good Roads League of British Columbia and the Canadian Good Roads Association, with both of which bodies the Chamber has affiliated.

Again Debate Overloading.—The roads are being asked to carry more than they can stand," said Reeve Watson, after the Saanich Council had last night extensively debated control of traffic and overloading, brought to the fore when the legal advisability of insisting on a one-ton limit on gravel roads in summertime was being discussed. At last week's session the Council had authorized the advertising of the winter load limits as being permanently effective, and it was doubted from a court point of view. The Council referred the question of load limits to Road Superintendent Gilling, with instructions to report on Thursday evening, when the Council will hold another session, with the special objective of examining into the best methods of bringing the Ditching and Watercourses Act into operation in Saanich.

Cause of Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestines." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Beigel's Syrup" after meals. Makes your digestion sound. 10

Lecture on School Libraries.—Miss Helen Stewart, City Librarian, lectured on school libraries before the Parent-Teachers' Association of the Margaret Jenkins School last night.

The intention is to obtain as complete information as the application of scientific principles and knowledge will permit of the mining possibilities of this section preliminary to entering into an agreement with the Provincial Government for the elimination of what is commonly described as the "dual control" of minerals within the E. and N. Belt.

Minister Sloan Busy.—Hon. Mr. Sloan has been working on the problem of bringing the minerals of the belt within time, since 1918. The progress made has not been as satisfactory as he could have wished because of the reluctance of the Government to release underground resources without a more exact knowledge of their economic potentialities.

Rich Ores Predicted.—It is not improbable that the field work will disclose deposits as rich in promise, for instance, as the Sunloch Mine, Jordan River, is reported to be. The prospects of finding large deposits of copper bearing ore are said to be good. Should such expectations be borne out it would mean the establishment of a smelting and possibly a refining plant by the Consolidated company on the coast.

That this corporation has been feeling its way towards such an extension of its industry has been common knowledge for some time. It has under development a number of important properties on Vancouver Island. The discovery and opening up of another one or two within the E. and N. Belt would settle the question and, with a speedy normal copper market a further important mining industry for the Province would be assured.

Good Thing for Mining Men.

Whatever may be done by the company, however, it will be gratifying to prospectors and mining men generally to know that there is every likelihood that the present difficulties relative to the securing of title to mineral within the belt will soon be removed. The explorations decided merited, was being carried out expeditiously.

Government To Be Partner.—The proposition made to the company, and which no doubt will furnish the basis of negotiations as soon as the survey is completed, are summarized as follows:

"That as regards the mineral rights within the E. & N. Railway belt, the Government is prepared to go practically into partnership with the railway company.

The District to become fully under the operation of the Mineral Act as far as underground minerals are concerned; that such mineral rights be administered by the Government; that the cost of such administration be entirely borne by the Government and that the gross receipts of all revenue received by the Government from and on account of such mineral rights, the property interest being divided equally between the Government and the E. & N. Railway."

Details of the efforts made by the Department of Mines to obtain a decision from the court as to the matter was kept before the officials of the company. The company is said to have displayed anxiety not to be hurried into any adjustment that, from their standpoint, might be termed ill-considered. The ultimate result, however, was two letters from Mr. Beatty, president of the C. P. R. The first letter, dated November 15, 1920, and says:

"You will readily concede that the matter is one of very considerable importance to the railway company. We are advised by persons competent to judge that in all probability there are valuable deposits of minerals in the land grant. The property interest being divided equally between the Government and the E. & N. Railway."

"I can assure you that the company is at one with the Government in its desire to see the mineral resources of the land grant developed, and the negotiations can be continued when we have the data desired."

In replying to the foregoing Mr. Sloan said, in part:

"With regard to your statement as to proposed exploration of the mineral resources of the area in question should be glad if you could let me have more exact information as to the nature and extent of said exploration, when it will be inaugurated, and when it is expected to be completed, and the expenditure likely to be involved."

Wants Early Start.—To this the following response, dated January 25, 1921: "It would be impossible at the present time to give any categorical answer to your questions, for the reason that the nature and extent of our operations and the amount of money which we will spend upon them will necessarily be determined by results and prospects as the work proceeds."

"All I can say at the moment is that as soon as weather conditions permit, the Consolidated Mining and Smelting Company will make a preliminary examination of the most probable mineral bearing lands in the belt and that their report and recommendation will receive our prompt consideration."

SILVER WEDDING

Mr. and Mrs. Thomas Jacklin will celebrate the 25th anniversary of their wedding at their home, 1534 Redfern Street, on Friday, May 13. They will hold a reception from 3 to 5:30 and to 7 p. m. and as no invitations are being issued they hope their many friends will accept this notice as an invitation.

PLAN TO CUT DOWN SCHOOL ESTIMATES

May Pare School Appropriations Before Forcing Bylaws

Reductions in the extraordinary school estimates which were rejected by the City Council last Monday may be made by the City School Board when it meets to-night, it was learned to-day.

The Trustees may decide to force the submission of money bylaws only to cover the most important items included in the extraordinary estimates. It is planned to submit a bylaw authorizing the expenditure of money needed to carry on electrical work for technical school studies, and for certain other purposes. Some of the trustees, however, feel that it would be quite useless to submit bylaws to cover the grading of school grounds and certain other schemes. While some members of the Board are of the opinion that the trustees should resign in a body if the school bylaws are defeated by the ratepayers, it is altogether improbable that such action will be taken as a majority holds that when the matter has been referred to the voters the Board's responsibility ceases.

Aldermen who caused the rejection of the school estimates are not worrying over the Board's plans to submit money by-laws. "I hope they do submit them," Alderman George Sangster, leader in the fight against increased school costs, declared this morning. "They'll be snowed under. The people may want some of those things done that are covered in the extraordinary estimates, but the principle of the thing—the increasing school costs—is what interests them now, and they will vote against the bylaws. It will just show the School Board where the public stands on the question."

Saanich Sewage Disposal.—The Sewer and Water Committee of the Saanich Council last night examined a number of septic tank plans, including one approved by the secretary of the Provincial Board of Health, Dr. H. E. Young, for installation at the Cloverdale school. Final action in authorizing general installation of any type of tank was deferred, however, until a report on the possible effects on the health of children resulting from discharge of effluent into street ditches could be received from Dr. Young.

Gordon Head Rebate.—The sewer and Water Committee of the Saanich Council last night decided to accept the city's offer of a special dividend on water used by Gordon Head residents in the spirit in which it was conveyed. The rebate will come into effect if water should be delivered within a year after passage of the necessary by-law.

TIT-FOR-TAT

An enterprising tradesman sent a doctor a box of cigars which had not been ordered, with a bill for forty-five shillings. The accompanying letter stated that "I have ventured to send them on my own initiative, being convinced that you will appreciate their exquisite flavor."

In due course the doctor replied: "You have not asked me for a consultation, but I venture to send you three prescriptions, being convinced that you will derive therefrom as much benefit as I shall derive from yours. At my clinic for a prescription is fifteen shillings, this makes us quits."—Tit-Bits.

NO AGREEMENT IS MADE WITH PRINTERS

Employees in Commercial Shops Will Probably Leave Monday

Both sides in the fight for the 44-hour week are standing their ground in the local commercial printing establishments and unless an eleventh-hour compromise is made indications are that the machinery in all union shops will be idle Monday morning.

At present, the trouble is confined solely to the commercial plants, but it is hinted that other agencies of union printing may join forces in the demand for the 44-hour week. Master printers and union employees are both working hard to obtain a settlement according to their respective ideas as to the merits of the case. It is contended by the employers that any negotiations through the medium of the International organization should not be made to apply under present conditions, which were entirely unforeseen. They claim that at no time during the war or the period of readjustment that followed has the printing business been in a more precarious position and claim that any consideration of the 44-hour week question should be postponed until a more favorable time.

There were no new developments to-day following a meeting of representatives of both sides to the dispute, and further negotiations will be carried on with a view to reaching a settlement, but with both sides holding out, the outlook is doubtful.

LEADING ZIONIST COMING TO CANADA

Dr. Chaim Weizmann of London, England, distinguished scientist and President of the World Zionist Organization, the official agency of the Jewish people for the work of rebuilding Palestine, is due in Canada on May 1.

The office of the Zionist Organization of Canada in Montreal has received word from Dr. Weizmann to the effect that he will arrive in Montreal, Sunday May 1, leaving for Ottawa, Tuesday, May 3, in the afternoon. He will remain in Ottawa until Thursday evening, arriving in Toronto, Friday, May 6, remaining until Monday morning following. It will then be necessary for Dr. Weizmann to visit Chicago, but from Chicago he will leave for Winnipeg, arriving Friday the 13th and remaining until Monday 16th. Dr. Weizmann will be accompanied by a number of his distinguished colleagues, who sailed with him from Palestine.

San Remo Mandate.—In the event that Dr. Weizmann is able to extend his stay on this side of the Atlantic, he will visit a number of other cities in Canada.

Dr. Chaim Weizmann is in a large measure responsible for the Balfour declaration and the San Remo Mandate, under the terms of which England has become the mandatory over Palestine, and the Jewish people are to be enabled to establish a homeland in that country. His coming has been heralded for months and has been eagerly awaited by the millions of Jews in the United States and Canada. He was formerly Professor of Chemistry at the University of Manchester, and placed at the disposal of the British Bureau of Munitions certain chemical formulas which proved of the highest importance, and for which he declined compensation. In July, 1919, the University of Manchester conferred upon him the degree of D.Sc. Honoris Causa.

In the United States he has been accompanied by the world-famous scientist, the promulgator of the theory of relativity, Professor Albert Einstein of Zurich, Switzerland.

To Celebrate Arrival

In the cities of Montreal, Ottawa,

Abbey's SALT

relieves Headache and Pain in the Back—corrects Bilious Attacks, Indigestion and Constipation—quiets the Nerves.

Toronto and Winnipeg, preparations are under way for celebrations on a large scale. The Jewish communities throughout the Eastern division of Canada will be asked to send representatives to the reception in Montreal; those of the central division to the reception in Toronto, and those of the western division to the reception in Winnipeg.

It is believed that if non-Jews will also be glad to participate in a demonstration of appreciation of the services rendered by Dr. Weizmann not only to the Jewish people but also to the British Empire during the late war.

The arrival of Dr. Weizmann will be everywhere the signal for the actual commencement of the campaign for the raising of one million dollars, which is to be the contribution of the Jews of Canada to the fund of £25,000,000, to be raised in 1921 for the reconstruction of Palestine, by the Jews of the world. Charles A. Cowen now in Montreal is in charge of the campaign.

The officers of the Zionist Organization of Canada are: Sir Mortimer Davis, Honorary President; Lyon Cohen, Honorary Vice-President; A. J. Freeman, President; Leon Goldhamer, Executive Secretary and Abraham Levin, Treasurer.

Constipation

is quickly relieved when the liver is aroused to activity by the use of Dr. Chase's Kidney-Liver Pills. One pill a dose. 25c a box, all dealers.

Rating A1

From 1st December, 1913, to the present time the National Debt of the Argentine Republic was reduced by \$42,000,000. During the War the country benefited to an appreciable extent by the high prices obtained for its exported products, by the cancellation of Mortgage obligations and Foreign Credits, by the nationalization of a considerable sum of her Debt, and finally demonstrated to the entire world that with her resources the country was able to supply its own demands, in no way were the finances or the economy of the country affected. The interest and the amortization payments were fully and religiously made, thus maintaining the good credit of the Argentine Republic has always enjoyed. To this should be added the intangible value reached by their money as a consequence of their having abstained from issuing bills without their counter-value in gold and the strength of the country on account of its incalculable natural riches and it is evident that with such a sound economic-financial organization that the Government Bond should be classified as A1.

Price \$7.50 per 100 Pesos Bond yielding 7.25%
Immediate return 6.75% plus premium on New York funds.

NEVER FELT BETTER IN LIFE SAYS MRS. BOYER

Vancouver Woman Declares Tanlac Restored Her Two Years Ago, and She's Been in Fine Health All That Time

"There is only one medicine for me, and that is Tanlac," said Mrs. M. E. Boyer, 704 Seventh Avenue, West Vancouver.

"I was restored to health by this wonderful medicine two years ago, and I have never felt better in my life than during this time. Recently, however, I had a few run-down

symptoms, so I began taking my old stand-by, and it is building me up again just as it did before. It certainly is remarkable how it helped me when I was in a wretched condition from stomach trouble. It gave me an appetite, and soon had me, so I could eat anything and never have a sign of indigestion.

"It wasn't long before my nerves were calm, and I was sleeping soundly every night. In fact, nobody could ask for more than Tanlac did for me. It just seems to give new life and new strength with every dose. I wouldn't give one bottle of it for all the other medicines in the drug store."

Tanlac is sold by Duncan E. Campbell and leading Druggists. (Adv.)

FEW FLOCKS OF KARAKUL SHEEP

"Persian lamb" is a fur which needs no introduction to Canadians. The sheep from which it is obtained is not so generally known.

The best skins do not come from Persia, but from Bokhara, a country which lies between Persia and Siberia and formed part of the former Russian Empire. The breed of sheep which has made this country famous is the Karakul. The lamb of this breed, when newly born, is covered with a black, glossy, tightly curled

wool, which yields the highly prized "Persian lamb" of commerce.

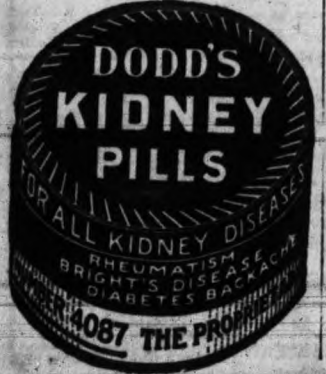

Bokhara is an isolated territory and its inhabitants do not like to sell their sheep to foreigners; in fact, the export of the live sheep has been prohibited. Notwithstanding great difficulties, however, a few of these sheep have been brought to America and have formed the nucleus of the flock now in existence in Canada and the United States. It has been found that satisfactory crosses can be made with our long-wooled sheep, like Leicester, Lincoln and Cotswold. By employing a few good Karakul rams, it is, therefore, possible to grade up a flock of almost pure-red Karakuls by crossing with certain well established breeds.

The mutton of the Karakul is said to be of very good quality and flavor. The wool of the adult sheep is coarse and is classed as carpet wool.

The Karakul is a very hardy animal and can live outdoors in the hardest winter weather. It is, of course, necessary to supply the sheep with food when the ground is covered with snow.

An advantage of keeping Karakuls is that the skins of still-born lambs can be utilized and there is, therefore, no loss from this cause.

There are known to be at least five Karakul sheep ranches in Canada at the present time. On rancher in southern Alberta reports very considerable success.—Conservation.

VERY LITTLE CHANGE IS NOTED ON MARKET

Navel Oranges Show Advancement Over Last Quotation

Naval oranges have made the only notable change in to-day's wholesale quotations. They are now on sale at \$4.50 and \$5. This registers a jump of 25¢ on the 27 size. Some variations are recorded in dairy products, Salt Spring Island butter quoting at 58¢, Creamery, at 54¢, Grade 1, Creamery, at 52¢, Grade 2, Creamery, at 48¢.

One Big Union Declared Dying

Statement of Winnipeg International Laborites

Winnipeg, April 27.—The Winnipeg Free Press says:

"Impending withdrawal of the street railwaymen's unit from the One Big Union coupled with the resignation of Victor R. Midgley, general secretary, is regarded by international laborites as the death blow of the One Big Union. The street railway conductors and motor-men will hold a mass meeting to-night ostensibly to consider their new wage schedule, the old one expiring at the end of this month. It has developed, however, that the street railway company has refused to negotiate with the One Big Union for a new agreement.

Ballot.

The story says the company is prepared to continue its present agreement with the men, and that the men are anxious to renew, but that if the men continue their One Big Union affiliation a dispute will arise which will go to the Joint Council of Industry. The men, it is stated, probably will take a secret ballot on the question of continuing with the One Big Union or forming an independent organization.

Witnesses before Robert Wark, of Victoria, sitting as special commissioner at the Court House here this morning to inquire into the deal.

Mr. Senkler was questioned with regard to a letter he had written the Joint Sewerage Board, in which he made the offer to see the property to the Board for \$100,000 in behalf of the sewerage company.

He informed the Commissioner this morning that he was merely acting for his client, Mr. Perrin, when he made the offer, and that he had no personal interest in the property, and had never seen it.

Other Witnesses.

James Staples, chairman of the Vancouver and Joint Sewerage Board, and A. D. Crear, engineer of the Board, were the other two witnesses examined, and although they were closely cross-examined by Captain George Black, appearing for W. J. Senkler, K.C., no further developments followed.

Following charges made by him during the recent election, he sold to the contention that the Board had secured value for the money it had expended on the property.

Vars, Ont., April 27.—Fire, which broke out yesterday in the post office and residence of William Kennedy, a local dentist, caused loss estimated at about \$20,000 before it could be brought under control.

SALE OF PROPERTY SUBJECT OF INQUIRY

Coquitlam Gravel Pit Investigation at Vancouver

Vancouver, April 27.—The sale of the Coquitlam gravel pit property to the Vancouver City and District Sewerage Board for \$75,000 was effected following an option obtained by H. J. Perrin, accountant, on the property for \$30,000 from the Coquitlam City Land Company, the owners of the property, but the transfer was made direct from the company to the Board, according to statements made by J. H. Senkler, K.C., one of the

News of Markets and Finance

PROFIT TAKING IN STOCKS TO-DAY

(By Burdick Brothers, Ltd.)

New York, April 27.—The stock market was somewhat stronger to-day and after opening higher prices advanced about 3 cents from the previous close, but as the session progressed this gain was lost. The July position responded to a better clam and more active buying and the premium between that month and May narrowed somewhat. Pitt business was not of large dimensions, though it was fairly active during the first hour. The close was 1/2 lower to 1 cent higher.

There was little change in the cash wheat market. The good demand continued for the top grade with the premium 1 cent up, bids being from 19 to 20 cents over the May.

The oat market showed a dull trade, with the underline firm.

Barley market showed a demand for high grades, but offerings are light and good markets are very quiet.

Oats closed unchanged to 1/2 cent higher; premiums are being offered. Flax and rye 1/2 cent higher; flax 1/2 to 1 cent higher, and rye 1/2 to 1 cent higher.

WEAK CLOSE IN CHICAGO GRAINS

(By Burdick Brothers, Ltd.)

Chicago, April 27.—The grain market opened steady and advanced on further export business. However, selling by commission houses and professionals started a turn again to lower levels and liquidation continued until the close.

SUGGESTS HANGING

AS REWARD FOR AUTHOR OF PENALTY

Councillor Ormond Makes
Unsuccessful Fight Against
Tax Penalty Clause

A warm argument on tax penalties preceded the final passage of the annual taxation by-law by the Saanich Council last night, Councillor Ormond being firmly opposed to any such penalty as the fifteen per cent. required by the Municipal Act being collected from delinquents.

The by-law as passed provides that the statutory penalty of 15 per cent. comes into effect on October 11, Councillor Simpson having suggested that the total be arrived at in three monthly increments of five per cent. each, the first to be added on October 11, being supported by Councillor Brooks who considered the proposal fair to those in difficulties.

Councillor Ormond declared that "five per cent. is plenty to add, and the man who introduced that resolution to the Union of Municipalities should be drawn and quartered."

Much Tax Arrears.
The Council was told by Collector Sewell that even under present conditions twenty per cent. of the taxes were constantly in arrears and this would be greatly exceeded if the penalty was lessened. It was also stated that the present system was cheaper for those in arrears than the old plan of a discount, as to collect \$100 the Council had made the ultimate bill \$120 with the \$20 remitted for early payment while the present plan only adds \$15 to the needed \$100.

"Yes, on the old plan you handed

a man a sugar plum to pay up, now you take a club and go after him," persisted Councillor Ormond.

Suggest Inducement.
Councillor Vantreigh thought that if the ratepayers could get the benefit of the six per cent. bank interest Saanich would save by early payment, it would be a good thing. "I'll pay my taxes to-night instead of waiting to October 11 if you will make it worth my while," he said, claiming that such a concession would make Saanich to a great extent its own banker.

Councillor Simpson's amendment for instalments only being supported by Councillor Ormond and Brooks it was declared lost, the only vote against adoption of the by-law when it was formally put to the test being Councillor Ormond, who maintained his attitude of opposition to the end.

**COUNCIL IS NOT
SATISFIED WITH
PROVINCIAL AID**

The Saanich Council was last night informed by the Provincial Public Works Department that the Gore Road, being a portion of the Inter-Provincial or Island Highway, has been classified as eligible for the Primary grade of highway maintenance grant for its length of 1.7 miles.

Quadrant Street, from the city limits to Royal Oak is classified as a secondary highway, as is the East Saanich Road for the ten miles between Royal Oak and the northern municipal boundary.

Reeve Watson remarked that the proposed classification was not in accord with the expressed wishes of Saanich, and insofar as it had been made prior to consultation between the Public Works Department and the Council, the decision was also contrary to the desires of the Minister of Public Works, as Hon. Dr. King had favored the notification of a final decision was made.

Councillor Kingwell wanted to know why Cadboro Bay Road had been ignored, and the Council then adopted a motion by Councillor Horner, which tabled the notification and instructed the Municipal Clerk to endeavor to arrange for the contemplated discussion.

Elks to Celebrate—Elks in large numbers will gather at their headquarters in the Weiler Building at 8 o'clock to-morrow evening to celebrate a "Hot Dog" Smoker. To find out what "Hot Dog" means every member will have to be personally present and investigate for himself. The "Hot Dog" Committee has been working over-time lately, and a good time for all is promised. Lots of fun and a good time will be the order of the evening.
